Engineering News-Record

A Consolidation of Engineering News and Engineering Record

A JOURNAL OF CIVIL ENGINEERING AND CONSTRUCTION

ISSUED WEEKLY

VOLUME 93

July 1 to December 31, 1924

McGRAW-HILL COMPANY, INC.
10TH AVENUE AT 36TH STREET
NEW YORK

INDEX TO ENGINEERING NEWS-RECORD

VOLUME 93—July 1 to December 31, 1924

This index covers the semi-annual volume of *Engineering News-Record* from July to December, 1924. Similar indexes are issued in every volume. A cumulative index is issued every five to seven years, bound as a book; the last index so issued covered the period 1917-22. The recent volumes of these indexes, i.e., 1910-17, 1917-22, are still in print and may be procured at the office of *Engineering News-Record*.

July 3 ..... 1 to 44
July 10 ..... 45 to 84
July 17 ..... 85 to 124
July 24 ..... 125 to 164
July 31 ..... 165 to 204
Aug. 7 ..... 205 to 248
Aug. 14 ..... 249 to 286
Aug. 21 ..... 287 to 324
Aug. 28 ..... 325 to 364
Sept. 4 ..... 365 to 408
Sept. 11 ..... 409 to 448
Sept. 18 ..... 449 to 486
Sept. 25 ..... 487 to 528
Oct. 2 ..... 529 to 572
Oct. 9 ..... 573 to 612
Oct. 16 ..... 613 to 652
Oct. 23 ..... 653 to 692
Oct. 30 ..... 693 to 732
Nov. 6 ..... 733 to 774
Nov. 13 ..... 775 to 814
Nov. 20 ..... 815 to 854
Nov. 27 ..... 855 to 894
Dec. 4 ..... 895 to 938
Dec. 11 ..... 939 to 978
Dec. 18 ..... 979 to 1018
Dec. 25 ..... 1019 to 1058

A

Accidents:
Milwaukee, Wis., soft ground tunnel accident kills four *706
(See Bridge accidents, Highway accidents, Tunnel accidents.)
Adding machine n*767
Advertising in the economic scheme in England—a suggestion to the engineer. E. J. Mehren 303
Advisory Board on Highway Research:
Meeting, at Washington n764, a957
Reinforcing of roads, study soon to begin n561
Reorganization of board e287, n*318

AERONAUTICS

Aerial mail hangar, Omaha, Neb., wrecked by gale. R. M. Brown *180
Canadian Pacific Ry. provides air service into new territory n279
Detroit to establish a municipal airplane field n888
What flying needs e653
Air compressors:
Chicago Union Station trainshed erected with use of air compressor plant j*963
Fordson power unit for portable air compressor for road-building, general construction and iron and steel erection. n*1016
Portable compressor for variety of construction purpose n*82
Duplex unit n*852
Portable, new, has 170-cu.ft. capacity. n*322
Two-stage portable belt or motor-driven compressor n*811
Air motor, ball bearing n*891
Alaska:
Trouble on Alaska R.R., railroad man appointed to study e85, n116
Report made to Interior Secretary n1052
Altitude, differences measured by new sensitive aneroid n*689
Alumina cement. (See Cement.)
American Association of Engineers:
Coolidge receives delegation from A.A.E. n*442
Washington, D. C., offices re-established n235

AMERICAN ASSOCIATION OF STATE HIGHWAY OFFICIALS

Annual Convention 874
Contract forms new, standard, for engineering and building, action taken. e776, 796
Federal appropriations to be discussed at November meeting n644
San Francisco meeting n118, n519
Surety bond conference, with Associated General Contractors and National Surety Association, recommends reforms e530, 555

American Chemical Society, corrosion symposium at Baltimore meeting in 1925. n763
American Construction Council:
Annual meeting, held in New York. n395, n605
American Engineering Council:
Administrative Board meets in Chicago. n645, n683
Coal storage report e45, n77
Contract forms new, standard, for engineering and building, action taken. e776, 796

American Engineering Standards Committee:
Adopts new standards n481
Foreign technical standards n282
American Institute of Architects:
Contract forms new, standard, for engineering and building, action taken. e776, 796
Co-operation with Associated General Contractors on construction problems. n928
American Institute of Steel Construction:
Code for commercial practice, adopted. e856, n885
Construction, meeting announced n524
American Public Health Association:
Sanitary engineers of American Society of Civil Engineers, joint meeting at Detroit n725
Vaughan, Dr. H. F. engineer, elected president e693, n725
American Railway Bridge and Building Association:
Meeting n561, n762
New Data on railway bridge and building work presented at meeting. G. H. Trout, C. E. Smith, C. S. Heritage. a825
American Railway Engineering Association
Contract forms new, standard, for engineering and building, action taken. e776, 796

AMERICAN ROAD BUILDERS' ASSOCIATION

Road Show:
Balcony space, more available n1014
Exhibits more space secured, by National Railway Appliances Association n320
Date announced for 1925 convention. n240
Exhibits:
Applications close Oct. 15 ..... n360
Exhibitors, list n360, n728
Space over-subscribed n852
American Society for Municipal Improvements:
Contract form of A.G.C. to be studied. n726
Convention at Boston, discussions n478, a593, n603
Exhibitors at convention n483

AMERICAN SOCIETY FOR TESTING MATERIALS

American Engineering Standards Committee adopts new standards n481
Brick masonry, making stresses for. S. H. Ingberg ..... l 192
Broadening activity e1
Meeting e1, 4, n971
Steel, cement, brick and paint, abstracts of meeting a64
Correction in name of Dalton G. Miller 145
Steel, effect of sulphur and alternating stress a*172

AMERICAN SOCIETY OF CIVIL ENGINEERS

Colorado River problem discussed at Pasadena—time to try the case e86
Column study, by Prof. A. H. Basquin, and report Tangent Modulus and Strength of Steel Columns in Tests. e940
Contract forms new, standard,, for engineering and building, action taken. e776, 796
Detroit meeting stresses technical side. e694, 712
Dunlap, J. H., resolutions of regret at death n315
Nominations for 1925 ..... n315
Pasadena meeting n31, e86
Ridgeway, Robert, nominated for president n315
St. Lawrence River project discussed at Detroit meeting n397, e694, 712
Seabury, G. T., elected secretary n925
Stresses in multiple arches discussed. n440
American Society of Mechanical Engineers
Locomotive developments, European and American, discussed at New York meeting 955
Penstocks, method of economic design proposed 980
American Society of Sanitary Engineering:
Plumbing practice features convention session n479
American Vibrolithic Corporation, A. R. Hirst made chief engineer n682
American Water Works Association:
Contract forms new, standard, for engineering and building, action taken. e776, 796

Aneroid, new, sensitive, measures differences of elevation n*689
Angle iron with legs of unequal thickness n890
Arches:
Detailing templets for arch brick with panto graph. R. P. Wallis j*1044
Aspdin, Joseph, tablet unveiled at Leeds, England n559

ASPHALT

Patent suit, St. Louis companies, injunction issued n645
Pump for asphalt, steam jacketed. ... n*811
Roofing asphalt, master specification issued n36
Triaxial diagram for classifying asphalt sands. H. W. Skidmore ..... l 192
Asphalt Association:
Field engineers appointed n278
Paving conference at Louisville. ... n481, e654, n685
Stability tests reported at Asphalt Paving Conference e654, n685
Associated Advertising Clubs of the World, London meeting. E. J. Mehren 303
Associated Equipment Distributors
Distribution of equipment, problems to be discussed at Milwaukee meeting. n1014

ASSOCIATED GENERAL CONTRACTORS OF AMERICA

American Institute of Architects, co-operation on construction problems n928
Contract forms new, standard, for engineering and building, action taken. e776, 796
Contractor's plant expense analyzed. ... n241, n282
Executive Board meets in Des Moines. n685
Nominations made n765
Steel reinforcing bars, standards adopted n482
Surety bond conference, with American Association of State Highway Officials and National Surety Association, recommends reforms e166, e530, 555
Atterbury, W. W., promoted by Pennsylvania, R.R. n761
Australian's views of American waterworks. E. G. Ritchie 100
Automobile accidents. (See Highway accidents; Highway traffic; Motor trucks; Motor vehicles; Vital statistics.)
Automobile factories, processes affect design. F. A. Fairbrother *834

B

Backfilling:
Hetch Hetchy pipe line, special backfilling machine used. N. A. Eckart. j*68
Balcony, Iowa State College, strain of swaying crowds measured 231
Baltimore, Md.:
Bonds voted in election n807
Engineering and construction work centralized e74
Engineering bureaus, reorganization planned n358
Engineering services, centralization planned n646
Sewage sludge, air dried, removal and disposal. e2, J. H. Gregory and C. E. Keefer *13
Water department charging other departments for water disapproved, a narrow view e694
Baltimore, Md., County Metropolitan District control of water supply, sewerage, stormwater drainage. V. B. Siems. ... a576
Barrages. (See Dams.)
Barstow, Dr. E., tablet unveiled n1050

BEAMS

Bearing pressure under eccentric loads
Discussion requested. P. Burke. l*722
Discussion
T. Kuo, H. B. Muckleston, and C. Pantke l*881
Deflections calculated by coefficients. C. R. Cookes ..... l 760
C. B. Damenberg ..... l 558
Deflections calculated by simple method. P. G. Laurson *424
I-beams in torsion tests. L. B. Tuckerman l*882
I-beams in torsion, tests at University of Toronto, made by C. R. Young and C. A. Hughes ..... 461, l 1047
Shear:
Web of rolled beams, reinforcing to carry excessive shear. A. Frank. j*599

BONDS

Assessment-for-benefit reform needed, Kansas City sewer case e614
Cairo, Ill., sewer and flood protection voted n725
Cincinnati, Ohio, defeat of $7,000,000 bond issue, 45 public improvements, significant e289, e325, n397
Contract surety bond conference of Associated General Contractors, National Surety Association, American Association of State Highway Officials, recommends reforms e530, 555
Election results n805, n807
Highway bond issue enabling act, Dauphin County, Pa., declared invalid. n724
Kansas City, Mo. heavy vote for trunk sewer bonds n315, e325
Ohio limitations on life of municipal bonds. J. E. Bauman ..... l 476
Ohio, twenty-nine counties vote road bonds n887
Pay-as-you-go discussion by National Municipal League e735
St. Louis, Mo., plans $50,000,000 issue for subway n357

BOOK REVIEWS

Accounting and business methods for contractors (C. F. Dingman) 841
Analysis of Weir Coefficient for Suppressed Weirs (C. W. Harris) reviewed by R. E. Horton 470
Beacon lights of Science (T. F. Van Wagenen) 840

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Business Writing (S. R. Hall) 1006
Coal industry, the (A. T. Shurick)..... 310
Digest of state laws relating to taxation and revenue, 1922..... 310
Effect of variation in the assumed figure of the earth on the mapping of a large area (W. D. Lambert); reviewed by H. C. Mitchell..... 111
Letter of R. H. Blain and H. C. Mitchell. 309
Elasticity and strength of materials used in engineering construction: Sections IV and V. (C. A. Turner).....639, 1 839
Electric motor truck: Section of equipment, operation and maintenance. (E. E. La Schum) 473
Electric railway transportation (H. W. Blake) 840
Emergency water supplies, experience of Mediterranean Expeditionary Force (A. B. Thompson) 472
Engineering in American industry: Development in United States during one hundred and twenty years. (C. N. Lauer) 473
Estimating building costs and appraising buildings. (F. E. Barnes)..... 473
Grundwasserabsenkung in theorie und Praxis (J. Schultze) 638
Hundred years of portland cement (A. C. Davis) 841
Hydro-electric power stations (D. B. Rushmore and E. A. Lof)..... 111
Introduction to economics of air transportation (T. H. Kennedy) 1004
Introduction to the mathematical analysis of statistics (C. H. Forsyth).. 638
Making the tariff in the United States (T. W. Page) 841
Marine structures: Their deterioration and preservation (National Research Council committee) 472
Modern theory and practice of pumping (N. Swindin)—reviewed by R. E. Horton 1004
Planning, erection and operation of modern open hearth steel works (H. Hermanns) 640
Ponts en maconnerie (C. Gay)..... 473
Principles of business writing (T. H. B. Whipple) 640
Problems of public finance (J. P. Jensen) 112
Properties and uses of wood (A. Koehler). 472
Public water supplies (F. E. Turneaure and H. L. Russell)..... 841
Recommended minimum requirements for plumbing in dwellings and similar buildings 110
Regulation and management of public utilities (C. S. Morgan) 471
Reinforced concrete and masonry structures (G. A. Hool and W. S. Kinne).. 112
Rensselaer Polytechnical Institute: A chapter in American education (R. P. Baker) 638
Road engineering (British) (E. L. Fleming) 842
Russian debts and Russian reconstruction L. Pasvolsky and H. G. Moulton).. 112
School bonds (J. G. Fowlkes)..... 112
Seasonal operation in the construction industries (Report of committee of conference on unemployment) 311
State and municipal bonds (W. L. Raymond) 112
Structural engineers' handbook (M. S. Ketchum); review by J. C. Moses.. 839
Studies in tidal power (N. Davey).... 309
Superpower as an aid to progress (G. E. Tripp) 111
Taylor, Frederick W., Father of Scientific Management (F. B. Copley.....1005
Taxation: the people's business (A. W. Mellon) 112
Tests on hydraulics and pneumatics of house plumbing (H. E. Babbitt)—reviewed by late G. C. Whipple 1005
Theory and practice of public utility valuation (W. H. Maltbie)..... 311
Trink und brauchwasser (Dr. H. Klut), reviewed by G. W. Fuller..... 310
Turner series continued—Sections IV and V. (See Book reviews, Elasticity and strength of materials)
Writing of books, a problem in conservation, letter by E. K. D. 110
Boston, Mass., street and highway improvements authorized by state legislature.... 19
Branding tool for equipment.....n*649
Brick:
Cleaning mortar from used brick by machine *240
Concrete blocks, bricks and tiles standardized in size n609, n728
Concrete brick discussed by A.S.T.M... 6
Face brick and vitrified brick or block for paving, quantities manufactured..n766
Stresses for brick masonry. S. H. Ingberg l192

BRIDGE ABUTMENTS AND PIERS

Abutments:
Bronx River Parkway, novel abutment effects economy in concrete bridge. A. G. Hayden *26
Piers:
Chimney-like hollow concrete piers for Kentucky highway bridge.....*757
Florianapolis bridge. (See Bridges, suspension.)
Ice shove on chimney-like piers of Kentucky bridge. T. E. M. Wheat ..1924
Pueblo Flood Control Project, bridge foundations *903
Newark Bay bridge, large pier caissons launched on their sides....n*441

BRIDGE ACCIDENTS AND FAILURES

Coney Island Creek, New York, counterweight rope of bascule bridge breaks..n115
Accident caused water main break. W. W. Brush.....l 234
Coos Bay, Oregon, wrecked bridge span raised bodily from bay bottom.....*307
Dayton, Ohio, old highway bridge collapses n*236
Report on failure submitted.....n683
Oneco, Conn., old fracture in chord web-plate caused bridge collapse..... 142
Piles of flooring on walk wreck viaduct at Wheeling, W. Va. n*763
Safety factors in design for withstanding unusual blows e409
Swatara Creek bridge, Jonestown, Pa., failure of old iron bridge under overload n195

BRIDGE DESIGN

Arch bridges, partially fixed, a method of designing. A. G. Hayden.....j*150
Concrete:
French bridges, long span concrete arch design, by Freyssinet. C. S. Whitney *463
Railings:
Collisions to be resisted.....e529
Safety factors for unusual accidents....e409
Staten Island-New Jersey bridges. New York Port Authority asks engineers to bid on bridge design.....e981, 991

BRIDGE ERECTION

Cables. (See Bridges.)
Derrick car with boom and A-frame adjustable for length (Kansas City Bridge Co.) j*679
Missouri River bridges, sinking pier caissons. L. J. Sverdrup.....*628
Bridge fires:
Schuylkill River bridge at Norristown, Pa., burns *118
Bridge removals:
Chesapeake & Ohio railway bridge moved j*72
Bridge renewals and repairs:
Coos Bay, Oregon, wrecked bridge span raised bodily from bay bottom.....*307

BRIDGES

Arch:
Jack's Run bridge, at Pittsburgh, Pa., arch centering struck.....n*686
Spandrel-braced arch bridge, unusual construction, Portland, Ore.. O. Laurgaard *328
Allegheny River bridges at Pittsburgh, three to be of unusual type...e980, *995
(See also Bridges, suspension, self-anchored.)
Arkansas River bridge, Wichita, Kan. (See bridges, concrete.)
Bascule:
Chicago suit on design of double-deck bascule bridge, features held not patentable n1009
China bascule bridge over Hai Ho River at Tientsin 923
Coney Island Creek bridge, counterweight rope breaks n115
Accident caused water main break, W. W. Brush .....l 234
Bear Mountain bridge. (See Bridges, Suspension.)
Cables:
Compacting machine for compacting bridge cables. C. Carswell j*598
California state bridge program extensive n195
Cantilever:
Saguenay River bridge in northern Quebec, cantilevering heavy bridge span. J. P. Chapleau and C. M. Goodrich *94
Castleton bridge completed e855, n805
Chicago:
Chicago River, pontoon bridge, cable-operated *864
Michigan Ave. bridge rubber paving and high curb guard *795
Concrete:
Construction joints, Ohio requirements j*799
French bridges, long span concrete arch design by Freyssinet. C. S. Whitney *463
Seine River bridge at St. Pierre-du-Vauvray, critical observations. A. Escher l*193
Severn River, Maryland, concrete arch bridge of 27 spans is opened....n*157
Wichita, Kan., multi-span barrel-arch reinforced-concrete bridge, measured changes in shape. P. L. Brockway.*304
Decauville bridge, Persia, flood-water crossing j*272
Delaware River bridge. (See Bridges, Philadelphia-Camden.)
Douglas memorial bridge over Klamath River, California begins construction. H. D. Miller *506
Drawbridges:
Chicago River drawbridge is opposed..n643
Eads bridge, army engineers' attitude, 1870. (See Bridges, railway.) 954
Florianopolis. (See Bridges, suspension.)
Gandy bridge. (See Bridges, toll.)
Harrisburg, Pa., Susquehanna River bridge, Modjeski and Masters report on reconstruction n33
Harvard bridge, Boston, to be strengthened 173
Highway:
Construction joints, Ohio requirements j*799
Dix River Gorge bridge in Kentucky, hollow concrete piers built like chimneys *757
Fort Snelling-Mendota bridge, work under way n*358
Loading on old Pennsylvania bridge reduced by narrowing roadway.....*699
Missouri River bridge at Geddes, S. D., grouting of rock substratum. R. W. Cropper *149
Neglect of small highway bridges. S. E. Berkenblit j680
Ohio requires wider road bridges on 1924 work. W. H. Rabe..... 56
Railroad law, New York State, changes do not affect old agreements on bridges over or subways under highways n34
Truck impact, new Iowa tests..... 621
Jack's Run bridge at Pittsburgh, Pa., arch centering struck n*686
Montreal, Que., South Shore bridge, plans submitted n196
New Orleans bridge over Mississippi River, combined railway and highway, proposed n1012
Newark Bay bridge, large pier caissons launched on their sides.....n*441
Niagara gorge bridge of Michigan Central R.R., closing 640-ft. span.....*716
Ohio River bridge proposed for Portsmouth, Ohio n725
Painting costs. A. H. Sabin..... 174
Palestine, railway bridge, new span erected by longitudinal rolling. P. W. Etkes *16
Pennsylvania, old bridges of simple type still in service *549, *699
Philadelphia-Camden bridge:
Approach contract awarded.....n519
Bridge approach steel, contracts let..n158
Cables:
Compacted by compacting machine. C. Carswell j*598
Construction of cables. W. Voigtlander n*850
Camden approach, contract let n1049
Cornerstones, laying n884
Cost increased $8,340,169 on spans and approach n396
Footbridges started n*117
Stringing of main cables started....n*279
Pittsburgh, Pa., bids asked by county on Allegheny River bridges n928
Washington crossing bridge, at 40th St. n*1051
Pontoon bridges:
Cable-operated bridge over Chicago River *864
Pontoon swing bridge at Curacao in the Dutch West Indies. B. Snyder..*620
Portland, Ore., scandal. (See Portland, Ore.)
Portland, Ore., unusual spandrel-braced arch bridge. O. Laurgaard.....*328
Burnside bridge over Willamette, change in viewpoint e939
Railings, designing to resist collision...e529
Railway:
C. R. I. P. replacing railway truss span with two girder spans.....*870
Columbia River bridge, rebuilding, data presented at meeting of American Railway Bridge and Building Association. G. H. Trout 825
Eads bridge, 1874-1924, data given at meeting of American Railway Bridge and Building Association. G. H. Trout a825, 954
Skew bridge for fly-over junction at Chicago; I. C. R.R. *748
Skew railroad bridge has remarkably heavy plate girders, New York Central R.R., at Depew, N. Y....*710
St. Lawrence River bridge, at Montreal:
Engineers are named to supervise..n884
Montreal Harbor Commission empowered to build n155
San Francisco Bay
Dunbarton highway bridge, contracts ..n1052
Golden Gate bridge, government may approve n927
Severn River, Maryland, concrete arch bridge of 27 spans is opened.....n*157
Smith, A. N., bridge. (See Bridges, Castleton.)
Springfield, Mass., bridge wheel-guards n846
Steel:
Secondary stresses in steel riveted bridges, e655, O. H. Amman.....*666
Virginian Ry., timber spans of Howe truss bridge replaced by steel viaduct under traffic *63
Suspension:
Bear Mountain bridge over Hudson River:
Bottom chords of stiffening trusses joined *672
Completion of bridge, construction described. H. C. Baird *914
Opening of bridge to traffic n*927
Florianopolis bridge in Brazil, design. D. B. Steinman *778
Pier foundation built by unusual method *51
Self-anchored suspension bridges, three Allegheny River bridges at Pittsburgh, unusual type e980, *995
Stiffening trusses, Kill von Kull proposed bridge design. L. S. Moisseiff l*883
Toll bridges:
Bear Mountain bridge shows toll bridge possibilities e816
Gandy bridge, old Tampa Bay, opened.n928
Insurance for toll bridge.....e125
Yosemite Valley Ry., bridge contract ..n1051

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

British Columbia, reminiscences of winter construction. A. M. Bouillon *1030
Buffalo, N. Y., Russell Miller Milling Co. building, fast work is feature of winter construction e365, *368
Building accidents and failures:
Derrick accidents. (See Derricks.)
Lorain, Ohio, tornado. (See Lorain, Ohio.)
New York City, Building Bureau reports on three derrick failures.....*266
Sewing machine vibration causes building collapse, St. Louis n116
Tenant in Strathmore building New York City, collects heavy damages for building failure n31

BUILDING CONSTRUCTION
Buffalo, N. Y., milling building, fast work is feature of winter construction e365, *368
Concrete:
Highest concrete building, Dayton, Ohio, 274 ft. above sidewalk.....*177
Formwork for sloping roof.....j*273
Craftsmanship, how can the spirit be revived in the building industry? E. J. Mehren a837
Lumber handling efficient, on Los Angeles building construction. Z. Witkin....j*151
Pipe, pin connected, forms structural elements for small building.....j*966
Printing-press floor stiffened by concrete bridging girder j*681
River Rouge, Mich., automobile plate glass factory. J. W. Robinson.....*376
Separate contracts for mechanical installations ruled against.....e125
Stresses in steel frame building, Philadelphia, to be measured during erection *341
Terra-cotta cornices and parapets structurally safe 511
Warehouses:
Cincinnati, Ohio, cold-storage and terminal warehouse *138
Welding by gas torch used on structural work j*432
Welded pipe used for building frames. D. C. McGiehan j*878
Building design:
Equitable Building, New York City, lack of architectural symmetry.....e573
Building failures:
Holland Building, Seattle, near collapse. (See Buildings, Holland *950
Building permit issued on incomplete plans voided, Cincinnati n79
BUILDINGS:
Chicago Tribune Building, underpinning. (See Foundations.)
Concrete:
Highest concrete building, Dayton, Ohio, 274 ft. above sidewalk.....*177
Formwork for sloping roof....j*273
Holland Building, Seattle, prompt column repair prevents collapse *950
Industrial:
Automobile factories, processes affect design. F. A. Fairbrother.....*834
Automobile plate glass factory, River Rouge, Mich. J. W. Robinson....*376
Cold-storage and terminal warehouse at Cincinnati *138
Dallas, Texas, Santa Fe freight terminal and warehouses *942
Furniture industry, office and exhibition building in Chicago *1033
Hosiery mill on Pacific Coast, special design. J. R. Poteat.....*707
Lime-burning plant, new, of Union Carbide Co. H. L. Noyes.....*546
Virginia builds office building for state departments e249, *252
Steel building tops brick structure ...*436
Buoy, gas and bell, new type built by Lighthouse Service *783
Bureau of Reclamation. (See U. S. Bureau of Reclamation.)
Bureau of Standards. (See U. S. Bureau of Standards.)

C

Cableways:
Excavation and fill on Wisconsin River dam handled by cableways.....*301
Cairo, Ill., sewer and flood protection voted n725
Caissons:
Boston apartment building, small open caissons used in water-bearing material *826
Missouri River bridges, sinking pier caissons. L. J. Sverdrup.....*628
Newark Bay bridge, large pier caissons launched on their sides n*441
Pueblo Flood Control District, caissons for bridge foundations *903
California:
Bridge program extensive.....n195
Drought causes water-shortage..n115, n118
Drought is worst on record.....n154
Southern California Edison Co. rate case reopened n316
East Bay cities, water supply. (See Water supply, East Bay Municipal Utility District.)
Forest fires raging n157
Camps:
Indiana power transmission line, construction organization. O. Davidson..j*69
Canada:
Bituminous sand deposit in northern Alberta 335
Canadian National Exhibition features building products n444

CANALS
Bed of canal, proposal to use as motor freight road, in London 99
Boat of new type, for canals, minimizes wave action on unprotected banks.. *337, 661
Cape Cod canal:
Tide lock, possibility of, n235, H. Taylor 1475
Concrete-lined small canals, design and construction. W. E. Code..... 58
Gates, new type of canal lock gate developed in Sweden. L. Lawski.....*135
Morris canal in New Jersey, dismantling involves rebuilding many structures. C. C. Vermeule 797
New York State Barge Canal:
Investigation by a conference, George Clinton chairman—Oh, for a business man‡ e530
Silt in canal restricts business, is complaint n195
Panama Canal:
Ten years of operation.....e288
Traffic increase, 1915-1924 278
Warship passes locks with less than yard clearance 381
Port Arthur, Texas, deep canal, has curious effect on salt content of shallow lake *10
Rhine-Danube-Main Canal, construction. 985
Sacramento, Calif., to survey ship canal for ocean going vessels.....n34
St. Marys Canal at Sault Ste. Marie, new type movable dam guards canal locks, e654, L. C. Sabin.....*656
Sweden, new type of canal lock gate developed. L. Lawski *135
Welland canal:
Centenary e449, n972
Contract let on Section 7.....n1009
Tenders called for on seventh section, six sections being completed or under construction n684
Car dumpers:
Virginian Ry. builds double car-dumper coaling pier *452
Carr, Albert, death of n*32
Cars:
Coal cars, 20-ton, adopted by British railway 542

CEMENT
Alumina cement concrete will adhere to portland cement concrete. J. L. Miner 1007
Alumina cement tested for concrete pipe, Cleveland, Ohio 131
American cement manufacturers to visit England n362
Anti-dumping decision put off.....n117
Better cement and better concrete. N. C. Johnson 1315
Century of portland cement celebrated by Portland Cement Association..e816, n884
Dumping of cement, evidence against importers not found by U. S. Treasury Department n607
Neat cement test. T. Merriman 105
J. Y. Jewett 1315
Need of study of portland cement. A. Hazen 192
Gains in 1923 .....n930
High early-strength portland cements in Germany, 896, Dr. G. Haegermann....*910
Measurement by weight, of bulk cement and aggregates, in concreting, plant layout j*1043
Titan cement, high early-strength cement from titaniferous ores 1001
Research by Bureau of Standards and Portland Cement Association, at former, organization completed n644
Studies in portland cement:
Solubility of cement in sugar solutions. e653, T. Merriman 669
Some requirements in the study of portland cement. T. Merriman... 105, 1354
Cement Securities Co., of Denver, ordered dissolved n1012
Census:
Midyear population estimate, 1924.... 231
Why not a five-year census?.....e125
Chert, unfit for coarse aggregate in concrete, e325, F. V. Reagel.....*332

CHICAGO, ILL.
Bascule bridge suit on design of double-deck bridge, features held not patentable n1009
Bonds voted in election n807
Bridge, Michigan Ave., rubber paving and high curb guards.....*795
Chicago River drawbridge is opposed..n643
Chicago Sanitary District:
Board of twenty-eight sanitary and hydraulic engineers formed to study problems of sewage disposal and diversion of water from Lake Michigan e613, n643, n684
Sued by Activated Sludge, Ltd..... 724
Chicago Tribune Building, underpinning printing plant for new deep foundations *982
Diversion of water from Lake Michigan:
Case postponed n846
Engineering Board of Review of Sanitary District of Chicago's lake lowering controversy n*846
Supreme Court hears diversion case argument n1010
(See also Waterways, St. Lawrence River.)
Furniture industry building for office and exhibition use *1033
Motor truck traffic to be surveyed by U. S. Bureau of public roads.....n194
Sewage disposal, board of engineers to study problem. (See Chicago Sanitary District, board of engineers.)
Terminals of eastern cities inspected by Chicago engineers and aldermen.....n606
Union Station, trainshed erected with use of compressed air plant j*963
Water supply:
Boiling of water again, after downpour n117
Intake crib and tunnel, new, planned.. n33
China:
Bascule bridge over Hai Ho River at Tientsin 923
Famine, reclamation proposed for famine relief n196
Steel rails and bridges wanted.....n648
Cincinnati, Ohio, defeat of $7,000,000, 45 public improvements, significant... e289, n807

CITY MANAGERS
British view of system—through horned spectacles e857
Butte, Mont., city-county manager plan defeated 74
Ethics code adopted by City Managers' Association 795
Fresno, Calif., city manager plan defeated n884
Kansas City, Mo., council-manager charter drafted n847
Residence furnished for city manager at Lynchburg, Va. 592

CITY PLANNING
American Society of Civil Engineers, discusses at Detroit meeting...e695, 712
Continuous city planning, discussed by A.S.M.I. J. L. Crane, Jr. a593
Philadelphia, Pa., replanning central part of city n*237
Zoning:
Forty-one additions to zoned cities in year 457
Massachusetts supreme court sustains zoning laws 833
Clay Products Institute, organization....n850
Cleveland, Ohio:
Sewage-works, third, plans under way..n235
Union station, progress made.....n196
Coal handling:
Ruhr ports, modern coal handling facilities *300
Virginian Ry. builds double car-dumper coaling pier *452
Coal Storage:
American Engineering Council report.e45, n77
Cofferdams:
Trenches, covered, protect footings from underground water. J. P. McMakin..j*434
Colombia:
Jetties on Magdelena River, bids sought.n813
Columns:
American Society of Civil Engineers and Bureau of Standards tests, made by Prof. A. H. Basquin e940
Concrete:
Bells of concrete columns, volume finding chart. R. L. Hawkins....j*964
Footings, trapezoidal, determining end widths. A. E. Cooper j*967
Holland Building, Seattle, prompt column repair prevents collapse *950
Measured stresses in columns of 18-story building *540
Tests
Tangent Modulus and Strength of Steel Columns in Tests, Study by Prof. A. H. Basquin for Am. Soc. C. E. and Bureau of Standards.....e940
Compressed air. (See Air Compressors.)

CONCRETE
Blocks, bricks and tile standardized in size n609, n728
Borings of mollusks and teredo. (See marine borers.)
Calcium chloride and sulphur, tests reported by A.S.T.M. a64
Cleaning by air and water jet, in construction of Weid Canyon dam....j*351
Fineness modulus, definition. L. I. Hewes *222
Floorbeams left as ceiling saves money. R. D. Snodgrass *630
Gypsum plaster, adhesion to concrete...a909
Institution of Civil Engineers tests in 1852, truths almost but not quite discovered e816
Joint Committee on Concrete and Reinforced Concrete, final report, printed, available n761
Joint Committee on Concrete and Reinforced Concrete standard specification completed and reported at A.S.T.M. meeting e1, 4
Los Angeles outfall sewer pipe. (See Sewers.)
Research:
Records important, those of a decade ago not complete e694
Relation of 7-day to 28-day concrete strength, Bureau of Standards test..*879
Sawmill fuel house built of concrete. E. L. Crowe j*348
Sheetpile levee wall at New Orleans. W. M. Peters *257
Stair slabs, design. J. Feld.....j*876

CONCRETE AGGREGATES
Chert, unfit for coarse aggregate in concrete, 325, F. V. Reagel.....*332

Grading curve, analysis. L. I. Hewes.. *222, 1602
Measurement by weight, of bulk cement and aggregates, in concreting, plant layout j*1043
Portable outfit for testing 17
Sawdust, mineralized, makes light-weight concrete n*525

Concrete forms:
Adjustable shore n*446
Dam construction, Weid canyon, convenient scheme for forms on face of dam j*271
Roof, sloping, United Brethren Building, Dayton formwork for j*273
Shore, adjustable, has locking head and release feature n*361

CONCRETE MIXERS
Control of 21-S mixer from three operating levels n*201
Manufacturers form bureau affiliated with Associated General Contractors n564
Manufacturers pledge support to standards n930
Name plates, A. G. C. 4,000 ordered by mixer manufacturers n*930
Smith, T. L., Co., 14-S mixer made more compact n*82

CONCRETE REINFORCEMENT
Cover for reinforcing steel. J. Feld..1114
Oil tanks, concrete, reinforced with outside bands. W. Travell *422
Pipes form footing reinforcing j*70
Protection of reinforcing and steelwork, Turner Construction Co. practice... j*879
Rerolled steel reinforcement strong but not ductile, compared with new billet steel. J. B. Kommers, 146, W. K. Hatt 1393
Slab reinforcement. (See Highway construction, concrete.)
Steel reinforcing bars, simplification of sizes, n282, n445. A. Thompson... n564

CONCRETING
Bucket loader handles concrete j*880
Floating concreting plant does rapid work on pier at Ludington, Mich..j*677
Gravity material supply cuts handling costs, Pennsylvania R.R. work at Cleveland *420
Measurement by weight, of bulk cement and aggregates, plant layout. C. D. Hale j*1043
Mix-a-minute, e451, C. H. Kromer.... 1475
Mobile tower chuting plant builds concrete pier at Havana *52
Pile casting methods for concrete pier at Havana. J. S. Vedoe *785
Skagit tunnel, concrete lining methods.. *700
Small jobs handled by new concrete mast type chuting n*362
Stadium of Scott High School, Toledo, novel and inexpensive method of placing concrete j601
Target, adjustable, aids leveling and screening of concrete n*852
Winter concreting, speed the gospel of care e693
(See construction, winter.)

Conduits:
Richmond, Va., puts Shockoe Creek into a Concrete Conduit. A. J. Saville..... *900

Confederate memorial group at Stone Mountain, Georgia, "sculptural" engineering 466

Congress reconvenes e895

CONSTRUCTION
Comparison of 1924 with 1922 and 1923. 976
Electric locomotives for construction work. H. H. Johnston n*199
Equipment:
Associated Equipment Distributors, meeting n360
Care of equipment at end of job needed. R. E. Brooks n160
Construction equipment—past and present: VI—The road grader..n*80, n*120
Power unit, gasoline, small, has inverted cylinders n*242
Force account:
Winter work and force account on small city jobs. I. E. Houk..... 292
Gang boss, praise for resourcefulness in use of equipment e940
Industrial buildings. (See Buildings, Industrial.)
Material handling:
Stacker with elevator control..... n*283
Materials:
Demand, improvement, met by increased output n977
Exports for first half of 1924 show increase n728
Terra cotta, architectural, production..n160
Steel mills down to 40 per cent of capacity lumber slower n83
Wholesale prices, downward trend, since late in 1923 ..... n*162
Summary of total construction in 1923 and 1924 ..... n932
Superintendent's duties and training, interview with W. A. Rogers. C. S. Hill. 758
Winter:
British Columbia, reminiscences of winter construction. A. M. Bouillon.. *1030
Buffalo, N. Y., milling building fast work is feature of winter construction e365, *368
Canvas covers, Turner Construction Co. standard specifications j*966
Force account and winter work on small city jobs. I. E. Houk.... 292
Hoover committee report e125, 144
Repair work for winter e165
Spier Falls hydro-electric plant on Hudson River, winter reconstruction, e776, C. Voetsch *791
Spread the gospel of care in winter concreting e693
Winter construction, as the contractor regards it. C. S. Hill .....
I—Labor and Climate e529, *532
II—Processes and plant *588
III—Methods and Cost *632
IV—Co-ordinate Services *674
Volume Index Numbers:
Twelve-year analysis of construction volume n*610

CONTRACTING
Bids:
Bid-or-not-bid—only two contractors bid on American Falls dam e855
Lowest bid must be responsible bid, Nevada highway work e365
Separate contracts for mechanical installations in building construction ruled against e125

CONTRACTORS
Awards to contractors for engineers' frauds 21, 24
Barge canal case. James Stewart & Co., Inc., wins award because of engineers' fraud 24
Bond conference. (See Associated General Contractors.)
"Constructor," new title suggested, e205. H. H. Wilson 1234
Labor Union sued by building contractor n196
National Association Building Trades Employees plan conference n1049
Ohio road contractor and a county surveyor accused of fraud n157
Passaic Valley sewer tunnel case, Holbrook, Cabot & Rollins Corporation held entitled to rescind contract due to engineer's misrepresentations 21
Payrolls, makeup machine n*1055
Plant expense analyzed by A.G.C..n241, n282
Road contractors, defaulting e816
Suits won by contractors because of engineers' frauds 21, 24
War camp suits:
Morse, E. C., war director of sales, again vindicated e85, n116

CONTRACTS
A.S.M.I. will study standard contract of A.G.C. n926
Bonus and penalty clauses replaced, in recent progress in contracts, by time clause. H. H. Quimby 989
Bonus clauses illegal in Kentucky contracts e614
Foreign contracts awarded to American contractors n650
Forms, standard, building and engineering, action by joint conference of eight societies e776, 796
American Water Works Association did not approve contract. J. W. Smith 1924
Large contracts awarded during first six months of 1924 ..... n163
Municipal contracts, drawing, advertising and letting. J. N. Ambler 906
Time charge replaces bonus and penalty clauses in recent contracts. H. H. Quimby 989
Value and number of 1924 contracts compared with 1923 ..... n976
Conveyor, flight, new portable n*648
Coolidge, President, message to Congress, economy or parsimony, tax exemption and government spending, when to spend. e939
Corn Products Refining Co., Argo, Ill., underground water supply and under ground pumping e487, *501

Costs:
Estimating:
Accuracy not much affected by approximating product of quantity and unit price. C. A. Rupp j1045
Contractor's discussion. A. W. Hinaman 1924
Underestimating by engineers e734

Craftsmanship, how can the spirit be revived in the building industry? E. J. Mehren a837

Cranes:
Crawler crane, new 10-ton with independent control of traveling, slewing and hoisting oprcations n*120
Japan, 350-ton floating crane built by British firm 500
Locomotive cranes, monthly index number for sales n974
Motor truck mounting mobile crane.... n*37

Culverts:
Damage suit won by city, on case of accident from culvert cover n157
Lengthening pipe culverts in widened highways j*434

Curves:
Spiral curves, Searle's, railway, adapted to road work, North Carolina. C. M. Pritchett *132

D

DAMS
American Falls dam:
Bids, new, to be taken Dec. 20 ..... n846
Bids, no action by Department of Interior n806
Bids, soon to be asked n971, n1009
Design and general description, concrete dam e733, *741
Reservoir cost paid in. (See Reservoirs.)
U. S. Bureau of Reclamation to ask bids on dam for irrigation purposes n395
Arch:
Arch action in slightly arched gravity dams. L. Jorgensen 193
Emigrant Creek dam, Oregon, tests under way n395
Highest arch dam claimed to be new dam at Montejaque, Spain, e126, M. E. Wegenstein *128
Big Meadows dam, Calif., increasing height n1049
Black Canyon irrigation dam in western Idaho, construction. W. Ward *818
Colorado sites above and below Pierce's Ferry to be surveyed n479
Concrete:
Spain, high arch type dam built at Montejaque, e126, M. E. Wegenstein *128
Temperature during process of setting, method of measuring at Emigrant Creek dam j964
Concrete blocks used in repairing Laguna dam, on Colorado River. R. M. Priest *1002
Diamond Creek, on Colorado River, Girand enjoined from building dam..n156
Earthquake builds high rock fill dam.. 391
El Capitan dam, San Diego votes bonds for n969
Emigrant Creek dam, taking concrete dam temperatures during process of setting j*964
Failures:
Gleno dam, official report on collapse.. *213
Indian Creek dam, Pottsville, Pa., Water Co., grouting water-bearing rock. N. J. Beisel a577
Klamath River, California, fish interests lose fight against high dams n156
Laguna dam, on Colorado River, repairing. R. M. Priest e979, *1002
Lloyd dam and Lloyd barrage in India, confused 268
Mountain Dell dam, Utah, safe to increase height of dam n563
Movable dam of new type guards Canal Locks at Sault Ste. Marie, e654, L. C. Sabin *656
Ohio River dams, status n848
Porous foundation overflow dam, Laguna dam of this type, repaired. R. M. Priest *1002
Sacramento River, dam proposed to decrease salinity n*317
St. Marys Canal at Sault Ste. Marie, new type movable dam guards canal locks, e654, L. C. Sabin *656
Severn River, England, barrage scheme for using tidal power revived 630
Swiss engineers build body of dam before foundation *345
Wave action damages earth dam, Owens, Calif. J. B. Lippincott 1*477
Weid Canyon dam:
Cleaning of concrete by air and water jet, during construction of dam..j*351
Trucks haul plums directly onto dam j*680
Wilson dam, lumber bids n402, n566
Wisconsin River dam, cableways handle excavation and fill *301
Danger lamps. See Lamps.)
Dawes Plan, what it means to the world e409, a419
Industry and the world, what Dawes Plan means, speeches by Herbert Hoover and Owen H. Young..e979, n997
Dayton, Ohio, bonds voted in election... n807
Dayton, Ohio, United Brethren Building highest concrete building *177
Formwork for sloping roof j*273
Deaths. (See Highway accidents; vital statistics.)
Defense construction, national. (See U. S. Government, War Department.)
Defense day and industrial preparedness..e449
Deflections of beams calculated by simle method. P. G. Laurson *424
(See Beams, deflection.)
Denmark, loans public money to aid building 11
Denver, Colo., water supply, more storage from South Platte River proposed.... n808
Derricks:
Accidents:
New York City, 36th St., derrick mast snaps boom falls through hotel.. n30
Arched supports for stiff-leg derrick..n*565
Bridge contractor's derrick car, with boom and A-frame adjustable for length j*679
New York City, Derrick failure, 254 West 35th St., ... n196
Des Moines, Iowa, infiltration galleries of waterworks. C. B. Burdick a577
Detroit, Mich.:
Pavements for heavy traffic, sheet-asphalt-on-concrete, built *987
"Dobe, Chief Draftsman," Federal Trade Commission has made charge against..n521
Doors:
Largest rolling door n*1015
Odd-size doors too many, millwork companies claim n399
Drainage:
Laws on irrigation and drainage critically reviewed *788
Newlands reclamation project, rapid low-cost excavation of drain ditches. A. W. Walker *426
South Dakota drainage ditches with flood gates. P. S. Egbert *334

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Drawing instruments:
Templets for draftsmen's use n*811
Dredges and dredging:
Electric seagoing dredges, army engineers build four *57
Hydraulic dredges electrically operated, seagoing, four built by army engineers *57
Drills and drilling:
Earth drill, power-operated, for post holes n*321
Electric drill, ½ in., new.....n*321
Electric hand hammer drill for concrete and stone drilling n*321
Rotary drill, 9-lb., pneumatic.....n*82
Dry Docks:
Kingston, Ont., to have large drydock..n278
South Africa, at Durban, unusually large dry dock 959
Duluth Boiler Works case vs. A. T. S. F. Ry., on freight n975
Dunlap, John H., accident and death, e45, n75, n156, e165; death n*194
American Society of Civil Engineers, resolutions or regret n315
Dynamite:
Minimizing danger of dynamite blasts being ignited by lightning. R. T. Brown .....j 271

E

East Bay Cities, California, $39,000,000 water project *960
(See also Water supply, East Bay Municipal Utility District.)
Utility District.)
Eccentric loading, bearing pressure of beam on earth. (See Beams, bearing pressures.)
Economics:
Rate-making, sentimental, grain rate case e207
Taxes. (See Taxation.)
Egypt:
Irrigation and engineer's work as basis for agreement supplanted by assassin's pistol e895

ENGINEERING EDUCATION

American Association of Engineers discussion, size of school e45
Cambridge University, in England, has engineering school 947
Columbia University grants engineering degrees after five years.....n356
Lehigh University, Institute of Research e815
Personnel system, Purdue University, A. A. Potter 330, e365
Society for Promotion of Engineering Education, meeting, research main topic A. Marston n76
Towne, Henry R., will aids engineering work n727
University of Pennsylvania requires more practical experience for degrees.....n562
Yale University, how the laboratory helps in teaching mechanics .....

Engineering ethics:
Estimating and underestimating. (See Costs, estimating; Engineers, estimating.)
Iowa University establishes course in ethics n645
Los Angeles advertisement for engineering services a bad professional practice.. e45
Service and advice given by engineers without charge e2

ENGINEERING NEWS-RECORD

Reprints of Mississippi River flood protection article, May 1922, available.. n33
Volume Index Numbers:
Construction, twelve-year analysis of construction volume n*610

Engineering Societies:
Convention date conflicts.....e489
Presentation of papers before societies.. 137
Time schedules at meetings.....e409, e410

ENGINEERS

Advice on estimating the structural steel of buildings. R. Fleming 387
Advice to engineers going to the tropics. A. M. Shaw a468
Advisors, voluntary, engineers as.... e2
Barge canal case, another decision, New York State Supreme Court, Appellate Division, holds for contractors on engineers fraud 107
Barge canal case, contractor wins award because of engineers' fraud..... 24
British engineers and their societies. E. J. Mehren *380
Corps of Engineers:
Reserve Corps officers named.....n646
Reserve corps promotions and appointments n764, n1053
Dallas, Texas, publicity co-operation of technical men e613
England, how Engineering Institutions entertain 337
Estimating:
Underestimating, e734, e776, T. H. Barnes .....l 844
Expense accounts, stopped at state boundary, Kentucky e325
Exposure to danger when unnecessary not justified in law. L. Childs..... 93
Fraud charge against Ohio county surveyor and road contractor n157
Fraud. (See Engineers, Barge Canal case.)
Income tax decision affects consulting engineers e574, 581, e654
Insurance, low-premium, secured for A. A. E. members n971
Lawyer's ego contrasted with engineer's a698
Licensing:
Examining board meets in Washington n725, n847
Wisconsin society to work for registration law n764
Lobbyist proposed in Minnesota by state societies n925
Long Beach, N. Y., city engineer found guilty of record falsification..... n32
Misrepresentations, Passaic Valley sewer tunnel case, contractor wins suit.... 21
New York Port Authority asks engineers to bid on design for Staten Island-New Jersey bridges e981, 991
Planning too far ahead..... e87
Politics:
Arizona and Wisconsin, Hirst and Maddock defeated e449
Cooley, Dean, M. E., nominated for Michigan senator n521
Poor design of engineering work on Passaic Valley sewer outfall contract condemned by court 676
Riffle team wins n643
Sanitary engineers, joint meeting of section of Am. Soc. C. E. and A. P. H. A.n725
Thirtieth engineers, gas regiment veterans to reunite n885

ENGINES

Diesel engines makes non-stop run of 202 days. n*37
Gas engine for heavy duty n*1055
Two-cycle Diesel engine, new, has double-acting cylinder n*360

England:
Activated sludge process has come to stay. T. C. Hatton..... 538
Advertising in the economic scheme—a suggestion to the engineer. E. J. Mehren, 303; D B. Luten .....l 477
Cross-channel, Harwich-Zeebrugge, car ferry service inaugurated..... 107

Suburban electrification of railways... 869
Thames River, proposed rapid transit by water. e613
Traffic act, new, in force..... 756
Tunnel enlargement on tube railway..*953
Sewage-works, Birmingham, Leeds, etc., trickling filter distribution. T. C. Hatton *624
Southampton, dock extensions planned.. 742
Wembley—Advertisement for the British Empire and engineering. E. J. Mehren..866

Equipment:
Distribution of equipment to be discussed by Associated Equipment Distributors.n1014
(See Construction, equipment.)

EQUIPMENT AND MATERIALS

Acme Foundry and Machinery Co., automatic truck loader.....n*648
Acme Process Asphalt Grouting Co., rotating sand heater for paving block joint mastic n689
Adams, J. D., & Co., road grader designed for attachment to Fordson tractor...n*240
Allis-Chalmers Manufacturing Co., low-head centrifugal pump n*890
Alan Wood Iron & Steel Co., steel traffic treads for wooden floors of bridges..n*729
American Hoist & Derrick Co., derrick with arched supports.....n*565
Arabol Manufacturing Co., preservatives for metal and masonry surfaces ...n1015
Austin Manufacturing Co., road grader with leaning wheels.....n*483
Barber Asphalt Co., steam jacketed asphalt pump n*811
Bay City Dredge Works, excavator, one-man, improved n*931
Beaver Mfg. Co., gas engine n*1055
Bethlehem Steel Co., guard rail for railroad frogs.....n*446
Low switchstand for freight yard..n*649
Boston Woven Hose & Rubber Co., rubber paving block with self-anchoring lugs.....n*609
Brown Hoisting Mchy. Co., 20-ton crane n*1055
British Pitometer Co., Ltd., large Venturi meter.....n*891
Buckeye Traction Ditch Co., trench excavator equipped with boom stabilizer, n*767
Bucyrus Co.
Shovel, 50-B, equipped with Diesel engine.....n253
Transport trailer for power shovel..n*401
Buda Co., power-operated earth drill for post holes.....n*321
Carey, Philip Co., asphalt filler cushions rail against pavement n*401
Carr E. G., Chicago, form grader for cutting grades for thickened edge pavements.....n*400
Chausse Oil Burner Co., squeegee machine for block or bituminous floors.....n*767
Chicago Bridge & Iron Works, frost casing for steel tanks.....n*689
Chicago Pneumatic Tool Co., electric hand hammer drill.....n*321
Two-stage portable compressor....n*811
Cleveland Pneumatic Tool Co., ball bearing air motor n*891
Conway, R. F., Co., loader used to place earth for curing concrete roads....n*361
Cook Motor Co., small power unit has inverted cylinders.....n*242
Cornell Iron Works, Inc., largest rolling door n*1015
Crescent Truck Co., electric truck has new features n*1015
Dayton Sure Grip & Shore Co., new clip for floor sleepers and wall furring..n*976
Electric Contracting Co., drop-down power loader for mixer on trailer.....n*729
Everhot Manufacturing Co., branding tool for equipment.....n*649
Fate-Root-Heath Co., new 8-ton industrial locomotive n*565
Flory, S., Manufacturing Co., standard hoist equipped with Fordson motor..n*689
Gifford-Wood Co., new portable flight conveyor n*648
Good Roads Machinery Co., Fordson attachment for road grader.....n*283
Goulds Manufacturing Co., automatic sump pump n*322
Haiss, G., Mfg. Co., wheel equipped Fordson loader n1055
Heltzel Steel Form & Iron Co., finishing machine n*1056
Industrial Works (Bay City), new 10-ton crawler crane n*122
Ingersoll-Rand Co., small portable air compressor, duplex unit.....n*852
New rotary drill weighs 9 lb.....n*82
International Motor Co., shock insulator for motor truck spring shackles....n*649
J. T. Tractor Co., winch attachment for tractor n*610
Keystone Driller Co., gas engine drive for excavator n*976
Koehring Co., road subgrade planer attached to paving mixer n*767
21-S mixer controlled from three operating levels.....n*201
Lakewood Engineering Co., concrete road finishing machine adapted to street paving work.....n*811
Lewis-Shepard Co., elevator control stacker.....n*283
Link-Belt Co., grease cup, new.....n283
Lyon Iron Works, machine cleans mortar from used brick.....n*240
M. & M. Wire Clamp Co., adjustable target aids leveling and screeding of concrete n*852
Mandt Co., shovel loader for attachment to Fordson tractor.....n*446
McMyler Interstate Co., railroad pile driver has long reach and full swing.n*729
Metalweld Service Corp., portable air compressor has Fordson power unit .n*1016
Navigator Instruments, Inc., new sensitive aneroid measures differences in elevation, developed by G. Paulin...n*689
Northwest Engineering Co., gasoline shovel crawls 28½ miles.....n446
Power shovel mechanism, sensitive control for.....n*401
Novo Engine Co., new portable air compressor has 170-cu. ft. capacity....n*322
Novocrete Co., mineralized sawdust aggregate makes light-weight concrete..n*525
Nugent Steel Castings Co., traction mat for trucks.....n*811
O. D. G. Co., adjustable shore has locking head and release feature.....n*361
Orton & Steinbrenner Co., mobile crane designed for motor truck mounting..n*37
Osgood Co., continuous tread mountings for railroad type shovels.....n*322
Oster Manufacturing Co., new pipe threader has electric motor drive....n*446
O'Sullivan, W. J., patent on angle iron with legs of unequal thickness.....n891
Oxweld Acetylene Co., valve for oxygen manifold n*400
Page Engineering Co., dragline bucket with end gate.....n*565
Walking dragline machine, sliding platform and spuds n*321
Paradon Engineering Co., chlorinator to sterilize water.....n*525
Pawling & Harnischfeger Co., all-steel cab for excavator n*525
Diesel power shovel *1015
Precision Adding Machine Co., machine adds whole numbers, feet, inches and fractions n*767
Puller Mfg. Co., hand power jack n1055
Ransome Concrete Machinery Co., new concrete chuting handles small jobs.n*362
Republic Motor Truck Co., new 1½-ton truck model has drive-shaft brake....n131
Rivet Grip Steel Co., light steel trusses for fireproof floor construction....n*201
Road Builders Equipment Co., safety hammer.....n*401
Roeper Crane & Hoist Works, small high-speed electric hoist for industrial service.....n*891
Roos-Meyer-Hecht Co., adjustable shore for forms n*446
Ruston & Hornsby, Ltd., electric power shovel has 10-yard dipper.....n767
Silent Hoist Co., electric capstan car puller n*401
Simons Paint Spray Brush Co., traffic line marker.....n*648
Sivyer Casting Co., crawler attachment for motor truck wheels.....n*400
Smith, T. L., Co., 14-S mixer made more compact n*82
Sullivan Machinery Co., portable compressor n*82
Tennessee Tool Works, Inc., machine paints traffic lines.....n*610
Terminal Engineering Co., Inc., long wheel base truck for bulky goods..n*891

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Truscon Laboratories, masonry dampproofing solution for surface application n484
Paint, for damp surfaces n525
Truscon Steel Co., new pressed steel pole. n*37
Turner Devices, Inc., templets for draftsmen's use n*811
U. S. Gypsum Co., wallboard has tile design n810
Universal Road Machinery Co., new chip spreader for road work n*37
Van Dorn Electric Tool Co. new portable electric drill n*283
Screw type hoist for motor truck dump body n*361
Vulcan Iron Works, gasoline locomotive, 7-ton, has worn gear drive n*1015
Wallace Supplies Mfg. Co., power driven bending machine n*525
Washington Steel Form Co., wall form and column clamp n*610
Glue pot, dry type, with rheostat for heat control n*931
Worthington Pump & Machinery Co. Diesel engine makes non-stop run of 202 days n*37
New two-cycle Diesel engine has double-acting cylinder n*360
Esthonia subsidizes home building. H. Seydenbach 1924
Estimating (See Costs; Engineers.)
Accuracy not much affected by approximating product of quantity and unit price. C. A. Rupp j1045
Estimating structural steel of buildings. R. Fleming 387
Europe:

Case against government ownership of utilities. Hoover, Herbert a626

GRADE CROSSINGS AND ELIMINATION

Compulsory stops for motor vehicles. e410
Detroit, Mich., Grand Trunk Ry., grade separation *60
Municipal engineering problem 579
New York City, New York Central West side. (See New York City.)
South Bend, Ind., grade separation 953
Speed control device slows down motor vehicles e410, j*432
United States, 3,000 grade crossings eliminated in 42 states in last five years 307
Graders, road. (See Highway machinery.)
Grain elevators:
Montreal has new grain elevator 711
Granite block paving redressed, Philadelphia. J. Adler *582
Gravel road corrugations—causes, e614
G. E. Ladd *636
F. R. Quackenbush ..... l 844
Grease cup, new n283
Great Lakes, water diversion. (See Waterways.)
Grouting outfit, simple and efficient, used at Missouri River bridge, Geddes, S. D. R. W. Cropper j*149
Gulport, Miss., proposes sea wall to cost $2,000,000 ..... n443
Gypsum:
Lime and Gypsum discussed by A. S. T. M. 7
Plaster, gypsum, adhesion to concrete a909
Hammers:
Safety guard on hammer to protect rock crusher n*401
Harbors:
Allotments, additional, to harbors of country made n644
Los Angeles, Calif., extensive work in harbor recommended *740
National Rivers and Harbors Congress. (See National Rivers and Harbors Congress.)
Harper, J. L., death n927
Hartford, Conn., operation of slow sand filters for water supply. e487, C. M. Saville *508
Havana, Cuba, mobile tower chuting plant builds concrete pier *52
Herr, E. M., will head American Industrial Mission to Mexico n320
Highland Park, Mich., subway planned. . n644

HIGHWAY ACCIDENTS

Baltimore, Md., careless drivers shown by accidents 314
Connecticut, 10,264 motor vehicle accidents in seven months in 1924 ..... e326
Dangers of the road, thirteen named by Bureau of Public Roads e449
Deaths in automobile accidents in U. S. registration area e734, 743
National Automobile Chamber of Commerce statistics e855
National Conference called by Secretary Hoover n724
National Conference on Street and Highway Safety, meeting n357, a1058
Highway conferences, numerous meetings in three months n613

HIGHWAY CONSTRUCTION

Bituminous:
Asphalt sands, triaxial diagram for classifying. H. W. Skidmore 1192
Capillary moisture in subgrades, removal. e895, C. M. Upham and H. F. Janda. . *912
Concrete:
Air driven hoist used in constructing concrete highway in Ohio j*802
Slab reinforcement, new type, North Carolina. C. N. Conner *954
Piles through old swamp roadbed carry concrete road. C. N. Conner *872
Shiplap subgrade used under asphaltic concrete, Portland, Ore. 341
Target, adjustable, aids leveling and screeding of concrete n*853
Detours:
Bituminous highways reduce time lost by detours during construction, discussed by A. S. M. I. H. F. Harris. a593
Explosives from surplus war supplies to be distributed at cost n278
Formwork for short-radius curve. F. E. Harley j*880
Grading:
Length of haul controls cost of road grading. J. L. Harrison e815, 832
High spots corrected by tool j*437
Illinois breaks road building records ... n358
New York State highway work speeded . . n30
Oiled road construction in Illinois. W. M. Wilson a220
Oxnard-San Juan, Calif., difficult surveys and deep cuts in new Coast highway. . *185
Piles through old swamp roadbed carry concrete road. C. N. Conner *872
Publicity:
California highway signs informs motorists of road construction jobs ... j*600
Santee River, S. C., four-mile causeway carries state road over swamp. J. Pinnell and J. L. Parker *48
Spiral curves cut costs of North Carolina road work. C. M. Pritchett *132
Yardage tables. H. A. Sitterley j*150

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

HIGHWAY DESIGN
Advisory Board on Highway Research, committee report on structural design. A. T. Goldbeck a958
Concrete roads:
Joints, Transverse joint strengthened, Ohio practice j*680
Paducah, Ky., street pavement design based on Bates road tests. J. C. Keeley *298
Traffic and street design discussed by A. S. M. I. E. P. Goodrich a594
Visibility over hills, Kansas design for vertical curves *800
Highway economics:
Bonds. (See Bonds, highway.)
Debt for highways compared with total state and local bond debts a92
Defaulting road contractors e816
Federal aid
Bill allowing federal-aid road funds for two years is on Senate calendar. n1012
Gasoline tax, Indiana, nets $4,554,544 298
Gasoline tax. (See Gasoline.)
Spiral curves cut costs of North Carolina road work. C. M. Pritchett. *132
Highway failures:
Concrete roads, cracking of concrete, reinforcing and subgrade factors. J. Pauls a743
Highway Industries Exhibitors Association, meeting n1054
Highway legislation:
Connecticut law to be codified e856
Highway lighting:
Lincoln Highway, ideal section, special reflectors *20
Red traffic light most easily seen U. S. Bureau of Standards tests show j802

HIGHWAY MACHINERY
Chip spreader, new, for road work n*37
Finishing machine, for concrete roads, adapted to city paving n*811
Grader:
Blade, 7 ft., designed for attachment to Fordson tractor n*240
Fordson attachment n*283
Formgrader, for cutting grade for thickened edge pavements n*400
Grader with leaning wheels n*483
Road grader, historical sketch (2) .. n*120
Loader to place earth for curing concrete roads n*361
Planer for subgrade attached to paving mixer n*767
Roller made from Fordson tractor j601
Sand heater, rotating, for paving block joint mastic n*689
Highway maintenance:
Sheds store aggregate for road patches .. j*152
Highway materials:
Bituminous sand deposit in Canada 335

HIGHWAY RESEARCH
Advisory Board on Highway Research. (See Advisory Board.)
Asphalt pavements, testing stability against shoving. P. Hubbard *862
Chicago, Ill., Bureau of Public Roads to survey motor truck traffic n194
Conferences many, in three months e613
Conventions from November to March .. e940
Michigan, University of, offers fellowships n151
Ohio and Pennsylvania test roads emphasize subgrade 699
Pan-American Confederation for Highway education organized n158
Reinforcing of roads, study soon to be begun by Advisory Board on Highway Research n561
Soils, disk shear test. C. M. Strahan .. a959
Spiral curves (Searle's railway) cut costs of North Carolina road work. C. M. Pritchett *132
Test roads:
France establishes test road sections. 798
Truck impact on highway bridges, Iowa tests 621
United Fuel and Supply Co. of Detroit, Michigan, establishes fellowship n969

HIGHWAY SIGNALS
Complicated traffic signals e815
Railway grade crossings, automatic speed control device slows down motor vehicles e410, j*432
St. Louis, Mo., illuminated street signs .. j*351
White brick form permanent center line in Ohio county road. C. L. Sawyer .. j*965

HIGHWAY SURVEYS
Advisory Board on Highway Research reports objects and methods. G. E. Hamlin a957
Chicago, Ill., motor truck traffic to be surveyed by U. S. Bureau of Public roads n194
Cook County, Ill., what the traffic survey covers 27
Pennsylvania, highway traffic survey begun e86, 98
Traffic counts, preliminary results. e980, a998

HIGHWAY TRAFFIC
American Society of Civil Engineers discussion at Detroit meeting e695, 712
California traffic growth indicates highway requirements 268
Compulsory stop law e1019
Control, full-stop law proposed, lining up for a fight e693
Forecasting future traffic e940
Motor Roadeo Dinner, highway traffic discussed n1049
National Conference on Street and Highway Safety Meeting ..... n357, e895, e1019, e1020, a1058, e895.
New England to hold transport conference Dec. 11-12 ..... n848, n887
Philadelphia, Pa., special body to study Camden-Philadelphia transit needs n684
Saturation of automobile market and road costs e654
Traffic control, new view in conflict between physical fact and human nature. e615

HIGHWAYS
Anthony's Nose highway approach to the Bear Mountain bridge, construction. J. M. Belknap e734, *736
Asphalt filler for wire-cut brick roads .. 797
Atlantic Coastal Highway. (See Highways, Santee River.)
Bear Mountain Bridge, east approach. (See Highways, Anthony's Nose.)
Bituminous:
Shoving of asphalt pavements is overcriticized. P. Hubbard *862
Boston, Mass., street and highway improvements authorized by state legislature 19
Capillary moisture in subgrades, removal. e895. C. M. Upham and H. F. Janda .. *912
Concrete:
Failures of concrete roads. (See Highway failures.)
Conners Highway across Florida Everglades, construction. F. E. Lawrence and R. Y. Patterson *412
Dangers of the road, thirteen named by Bureau of Public Roads e449
Grade crossing elimination. (See grade crossings and elimination.)
Gravel roads:
Corrugation in gravel roads, data and causes. G. E. Ladd e614, *636
Ontario studies corrugation in gravel roads. G. Hogarth ..... l 722
Southwest, road corrugation, E. B. Bail ..... l 1047
Huffman dam, Dayton flood works, Miami Conservancy District, design of paved road on top of dam. C. S. Bennett .. *660
Intersection of streets with curved layout j*599
Legislation. (See Highway legislation.)
Lighting. (See Highway lighting.)
London, England, developing arterial roads. E. J. Mehren *586
London, extension of viaduct roads 255
Marking:
Center lines, device for marking. A. C. Lagerwall j*273
Painting of traffic lines, safety and parking zones and stenciled outlines by new spraying machine n*610
(See also Highway signs.)
National Conference on Street and Highway Safety n357, a1058
New York State, progress in highway construction 67
Norway builds roads with unemployment funds 631
Ohio requires wider road bridges on 1924 work. W. H. Rabe 56
Portage Lakes Drive, an Ohio county surveyor and a road contractor accused of fraud n157
Railway grade crossings, automatic speed control device slows down motor vehicles e410, j*432
Railway trestle, abandoned, used as highway bridge, Summit road, Colorado .. j*437
Relocation profits, in Pennsylvania e980, 998
Rubber paving, British experience 268
Santee River, S. C., four-mile causeway carries state road over swamp. J. Pinnell and J. L. Parker *48
Slippery roads to be investigated in England 587
Test roads:
Ohio and Pennsylvania test roads emphasize subgrade 699
Toll roads:
Milan to Italian lakes, automobile toll road e249, *262
Traffic line marker. (Simons) n*648
Visibility over hills, length of vertical curves, Kansas design j*800
Widening highways and lengthening pipe culverts j*434
Hirst, A. R., made chief engineer of American Vibrolithic Corporation n682

HOISTS AND HOISTING
Air-driven hoist used in constructing concrete highway in Ohio j*802
Electric hoist, small, high-speed, for industrial service n*891
Single-drum gasoline hoist equipped with Fordson motor n*689
Holden, C. A., director of engineering school at Dartmouth, becomes state legislator .. n808
Holland, post-war difficulties. E. J. Mehren. 510
Holland, Clifford M., death e693, n*723
Hudson River vehicular tunnel named the Holland tunnel in his honor .. e733, n845, e855
Hydrants. (See Water-works)

HYDRAULICS
Canal boat of new type minimizes wave action on unprotected banks *337
Efficiency tests made on 43,000-hp. unit. 705
Flumes:
Open-end flume water meter based on exponential equation. J. W. Ledoux. *505
Gage of hydraulic volumes, autographic. *913
Notch, hydraulic, calculation for channel control. H. B. Muckleston .. 232, l 760
Cusec (from India) ..... l 760
River regulation determined by hydraulic experiments *429
Settling basins of water-works, principles of four kinds of flow. W. Kiersted .. *343
Velocities, three kinds, Reynold's Kennedy's, Woodward's. R. E. Horton .. l 477
Water measurement, California pipe measurement. B. R. Vanleer *203
Weirs. (See Weirs.)

HYDRO-ELECTRIC POWER
Anti-power complex e980
Arkansas River, power possibilities *51
Big Meadows dam, Calif., increase height n1049
Chattahoochee River, project license for site at Bartlett's Ferry, Ga n197
Colorado River:
Girand application, affected by election. n805
Cumberland River scheme, private development favored n34
Flathead River, South Fork, power possibilities. B. E. Jones and E. E. Jones. *96
Georgia Railway & Power Co., tunnel near Tallulah Falls, holed through .. n115
Green River, Utah, power permit sought. n277
Kawishiwi River, Minnesota, power development license issued n197
Klamath River project, developments planned, and fish interests lose fight against high dams n156
Leevining Creek No. 1 plant, of Southern Sierras Power Co., completed n646
Licenses:
Conowingo project on Susquehanna River, license sought n806
Pennsylvania Giant Power Survey Board asks delay on all power permits n888
Santee and Cooper Rivers, S. C. n235
Wallinpaupack Creek project, Pennsylvania, license issued n31
Low-head power sites on Housatonic River, for paper mills, improved by redevelopment. H. W. Taylor *754
Marseilles, Ill., power suit settled out of court n316
Muscle Shoals. (See Muscle Shoals.)
New Brunswick, Grand Falls on St. Johns River, power projects surveys being made n315
New England states, power committee appointed by Associated Industries of Massachusetts n644
Niagara Falls power rent fixed by state commission n562
Nipigon River project, third unit in operation n280
Northeastern States, super-power, engineers' committee report e167, *186
Oregon, Pelton site and Metolius site, to be developed n32
Owens River gorge, conflict over power site n357
Pennsylvania, Giant Survey Board appointed n117
Pit River project, No. 3 tunnel in volcanic formations *168
Plants:
Catawba River development, work on 80,000 hp. plant started n79
Duquesne power plant at Shippingport, Pa., to cost about thirty million .. n768
Glommen River, Norway, city of Kristiania and state build power plant. J. B. Naumann *143
Ice in European plants, methods of combatting a265
Moccasin Creek project, progress on power house construction n*33
Piping for plants, details of typical supports n*320
Saguenay River, Canada, building hydro-electric plant:
I—Developing access and habitation. *616
II—Installing plant and power *662
III—Construction progress and methods e693, *702
Spier Falls plant on Hudson River winter reconstruction e776
C. Voetsch *791
Susquehanna River at Conawingo, Pa., 360,000 hp. plant proposed n397
River survey funds needed by Federal Power Commission n887
Saguenay River project:
Bridge span built as cantilever for quick erection. J. P. Chapleau and C. M. Goodrich *94
St. Narcisse, Que., development started .. n847
Scotland, Lochaber, is Britain's reatest hydro-electric scheme 331
Seattle, Wash., Skagit project:
Gorge Creek plant put in service n642
Further development deferred n155
Seattle files application for permit n808
Skagit tunnel. (See Tunnels, Skagit.)
Shawinigan Falls, power house 2, hydraulic efficiency tests made on 43,000 hp. unit. 705
Southern California Edison Co., steam power necessary during drought. (See California, drought.)
Spain, Montejaque, high arch dam built. M. E. Wegenstein *128
Speeding up hydro-electric construction, saving in. M. F. Sayre ..... l 114
State ownership of power, disabilities of. e366
Surveys for Grand Falls power project being made n315
Tidal power to be developed in France .. 750
Transmission lines:
Indiana line, Terre Haute-Indianapolis, construction organization. O. Davidson j*69
Tunnels for water power, permanence factor in designing linings e47
World Power Conference held in London. n155
Power as a world issue e126

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

I

Bridge piers, ice shove on chimney—like piers of Kentucky bridge. T. E. M. Wheat 1924
Illinois, highway construction, $100,000,000 voted e775, n805
Illinois Society of Engineers, plans meeting n1051
Illinois State Waterway Association formed n440
Immigration:
Farmer-immigrants, preference to be tested. 759
India:
Bombay, duplicate steel water pipe lines..*905
Floods in southern part do excessive damage. E. W. T. Slater..... *542
Lloyd dam and Lloyd barrage in India, confused 268
Steel tariff adopted n36
Industrial building. (See Buildings, industrial.)
Institute of Civil Engineers, British, Sir Charles Morgan, president, feted at Franklin Institute Centenary..... n521
Insurance, on toll bridge, a new field..... e125
International Railway Congress to be held in London in 1925 ..... n928

Meeting announced n886
National Industrial Advertisers Association:
Selling of industrial products discussed n483
National Landowners Association, meeting n887
National Municipal League:
Bonds or pay-as-you-go discussed at Cambridge meeting e735
National Bureau of Engineering and Industry, drive for $10,000,000 started.. n75
National Railway Appliances Association. (See American Railway Engineering Association.)
National Rivers and Harbors Congress
Program announced n848, n887
National Surety Association:
Surety bond conference, with American Association of State Highway officials and Associated General Contractors, recommends reforms e530, 555
New England Water Works Association:
Officers elected n605
Operation features stressed at meeting at Rochester, N. Y. a576, a719
New Jersey:
Water service, poor, penalized e487
New Jersey Sanitary Association to meet in Atlantic City n845, n972
New Orleans, La.:
Passenger facilities, improvement by railroads asked by Louisiana Public Service Commission n686
New York Building Congress:
Apprenticeship commission, report e979
Craftsmanship in the building industry, how can the spirit be revived. E. J. Mehren a837

NEW YORK CITY

Central Park, saving from invasion e45
Citizens Water Supply Co. awarded four million for works 220
Derrick accidents. (See Derricks.)
Derrick failures, three, Building Bureau reports *266
New York Central West Side Improvement Dyckman and 125th St. grade separation n973
Port Authority:
Appointments, two, made by governor of New Jersey n887
Bi-state port authority proposed n358
Staten Island-New Jersey bridges, Port Authority asks engineers to bid on bridge design 981, 991
Subway Board appointed n77
Subways:
Passengers June 1923-1924 over billion 211
Traffic control, new view in conflict between physical fact and human nature e615
Water supply:
Five companies supply water in city, 4,031 miles of water mains 189
New York Port Authority. (See New York City, Port Authority.)

NEW YORK STATE

Highway construction progress 67
Highway work speeded n30
Hydro-electric situation simplified by election n808
Life of structures financed by bond issues specified by new law 67
Railroad law, changes do not affect old agreements on highway bridges over or subways under railroads n34
Niagara Falls Power Co., turbines survive first serious accident 956
North Carolina, port bill passed n442
North Jersey transit commission begins its work n279
North Shore Sanitary District, Illinois, four new sewage-works being built. S. A. Greeley *456
Norway, city of Kristiania and state build power plant on Glommen River. J. B. Naumann *143
Nozzles, of sprinkling filters, for sewage. (See Sewage treatment, filtration.)

O

Ohio limitations on life of municipal bonds. J. E. Bauman ..... l 476
Ohio, twenty-nine counties vote road bonds n887
Oil:
Insulating oil storage tanks against fire. C. A. Miketta ..... l 760
Monterey, Calif., oil burns when lightning strikes "tank farm" e529, n562
Oklahoma City, Okla., water purification works, second plant built *216
Omaha, Neb., aerial hangar wrecked by gale. R. M. Brown *180

Oxygen, liquid, tested in large quarry blast n*36
Oyster beds polluted by sewage—picking on the oyster e1020

P

Paint and painting:
American Society for Testing Materials discussion 6
Burnot fireproofing paint tested at Bureau of Standards n37
Damp masonry, new paint for Stucco Tex n525
Fences for wood painting study *375
Fire tests of painting. G. K. Burgess .. l 114
Varnishes, accelerated exposure tests reported by A.S.T.M. a65
Palestine, Bridge erected by longitudinal rolling. P. W. Etkes *16
Panama Canal Zone, Gen. J. J. Morrow resigns as governor n605
Pan-American Highway Commission:
Latin-Americans return home n158
Pan-American Railway Committee, Preorganized, meets, and C. M. Pepper of New York is chairman n197, n317
Paper mills, of Smith Paper Co., on Housatonic River, redevelopment improves output of low-head power sites. H. W. Taylor *754
Parking:
Washington, D. C., new parking plans. e249, n277
Parliament, "standing for" e165

PAVEMENT

Asphalt:
Concrete base, sheet asphalt top, pavements built for heavy traffic in Detroit *987
Brick:
Defective brick, marking device, Amarillo, Texas. M. C. Nichols .. j*275
Concrete:
Asphalt on concrete pavements built in Detroit for heavy traffic *987
Concrete pavement specifications, discussed by A.S.M.I. a594
Detroit, Mich., builds pavements for heavy traffic, of sheet asphalt on concrete *987
Granite block paving, redressed, Philadelphia. J. Adler *582
Granite blocks, reuse discussed by A.S.M.I. R. A. MacGregor and N. L. Smith a595
Paducah, Ky., street pavement design based on Bates road tests. J. C. Keeley *298
Painting signs on pavement illegal in California 619
Rubber:
American Society for Municipal Improvements discusses rubber pavements. E. S. Dorr a594
Chicago, Ill., rubber paving tile and high curb guide on bridge *795
Lugs self-anchoring on rubber paving blocks n*609
Subgrade improvement, discussed by A.S.M.I. C. D. Pollock a593
Pennsylvania, Giant Survey Board, on hydro-electric power n117
Asks delay on all power permits .. n888

PHILADELPHIA

Bonds voted in election n807
Broad St. subway:
Contract let and work started .. n194, n356
Further work, bids, and contract awarded to McGovern n479, n724
Engineering and street cleaning bureaus under Public Works Department, considered n727
Granite block paving, redressed. J. Adler *582
Rapid transit, special body to study Camden-Philadelphia transit needs .. n684
Replanning central part of city n*237
Water supply:
Commission holds to $99,000,000 projects n522
Penstocks. (See Hydro-electric power; Pipe lines; Water supply.)

PIERS

Bridge piers. (See Bridge abutments and piers.)
Havana pier, methods of casting concrete piles. J. S. Vedoe *785
Ludington, Mich., pier, floating concreting plant does rapid work j*677
Virginian Ry. builds double car-dumper coaling pier *452
Piledrivers:
Railroad piledriver with long reach and full swing n*729

PILES AND PILEDRIVING

Havana pier, methods of casting concrete piles. J. S. Vedoe *785
Marshland factory, New Jersey, building pile foundation, e206, R. L. Hart .. *208
(See Bridges; Buildings; Foundations; Piers.)

PIPE

Bending machine, power driven ..... n*
Brazing cracks in cast-iron water pipe .. j*
Cast iron:
Cast-iron pipe and fittings during 1923. n
Centrifugal pipe, use in England 5
Prices, relative, of pipe, e573, J. D. Capron ..... l 1
Centrifugal pipe
Concrete pipe, as used on Apulian Aqueduct, now manufactured in England 9
Concrete:
Alumina cement tested for concrete pipe; Cleveland, Ohio 1
Conductor pipe and eaves troughs, elimination of sizes proposed ..... n
Joint, quick-coupling ..... n*
Steel pipe
Riveted steel pipe, case of Duluth Boiler Works vs. A., T. S. F. Ry .. n
Water pipe changes as discussed by American Water Works Association .... e
Wood-stave pipe, largest, 16-ft. to connect rock tunnels near Thrall, Calif .. n
Pipe threader, motor drive ..... n*

PIPE LINES

Bombay, India, duplicate steel pipe lines, fabrication and riveting ..... *
Coney Island Creek, repairing break in submerged water main due to bridge accident. W. W. Brush l
Formulas for volumes and areas of pipe intersections. G. Paaswell ..... *
Fort Collins, Colo., water-works, pipe break undermines settling basin wall.
Log water pipe dug up in Seattle .... n*
Los Angeles outfall sewer. (See Sewers.)
Moccasin Creek penstock for Hetch Hetchy project, construction ..... *
Tongs, slings and small pipe used in laying oil-pipe line. E. F. Mail .... j*
Water measurement, California pipe method. B. R. Vanleer ..... *
Penstocks
American Society of Mechanical Engineers proposes new method of economic penstock design 9
Pittsburgh plus:
Chicago base price, and Pittsburgh plus, A. M. Shaw l
Chicago may be benefited by decision .. n
Is the decision price fixing? D. B. Luten l
Pittsburgh plus prices on steel ordered discontinued ..... n154, n162, e166, n
U. S. Steel Corporation accepts order .. e487, n

Pittsburgh, Pa.
Allegheny River bridges, three to be of unusual type, self-anchored suspension ..... *
Plaster, wall, production 1923 ..... n
Poles:
Pressed steel pole, new ..... n*
Portland, Me., intake shaft and screen for water district. C. B. Mitchell ..... j*
Portland, Ore.:

Columbus, Ohio, O'Shaughnessy reservoir filled n34
Failures:
South Pasadena, Calif., failure of water-works reservoir to be investigated n563
Break in new reservoir ascribed to faulty construction n*645
Malaya (British), Krian irrigation reservoir, tree growth, encroaches 962
Silting of reservoirs, North Carolina, methods of overcoming outlined..... 306
Retards (See Revetments.)
Revetments:
Coast boulevard near Santa Monica, Calif., specially equipped truck places stone for bank protection j*803
Missouri River, threatened diversion at Glasgow, Mo., curbed *372
Richmond, Va., new water filtration plant, features. W. Donaldson *623
Richmond, Va., Shockoe Creek put into concrete conduit. A. J. Saville *900
Rio de Janeiro, wave damage inside of harbor. G. Schobinger *1028
River diversion:
Missouri River, threatened diversion at Glasgow, Mo., curbed *372
Wisconsin River, regulation and diversion determined by hydraulic experiments.*429
(See Rivers: Waterways.)
River erosion and protection. (See Revetments; River diversion; Rivers.)
River Rouge, Mich., automobile plate glass factory. J. W. Robinson.....*376
River terminals:
Memphis, Tenn., river and rail freight terminal. G. W. Foster.....*696
Mississippi River, United States will build terminal at Baton Rouge, La..n926

RIVERS

Alabama River, rough concrete blocks for dike and jetty work.....j275
Control studies commission advocated (re-creation of Newlands commission.)
Delaware River commission agrees on tentative plan to divide flow.....n969
Mississippi River, control studies. (See Rivers, Control studies commission advocated.)
Missouri River bank protection plan may be revised n682
National Rivers and Harbors Congress. (See National Rivers and Harbors Congress.)
Raquette River regulating board goes out of existence n643
Rio Grande River, lower, flood control project proposed 99
Sacramento River, dam proposed to decrease salinity n*317

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

St. Lawrence River problem. (See Waterways.)
Shockoe Creek, Richmond, Va., put into concrete conduit. A. J. Saville....*900
Tennessee River, dam 3 needed, army officer reports n886
Winnipeg River, government control of flow established n645
Wisconsin River, regulation and diversion determined by hydraulic experiments.*429
(See also Waterways.)
Rivers and harbors:
Expenditures for 1924.... 143
War Department approves allotments.. n32
Road. (See Highway—accidents, construction, design, research, surveys, etc.)
Road graders. (See Highway machinery.)
Road Show. (See American Road Builders' Association.)
Roads. (See Highways.)
Rubber paving. (See Pavements.)
Russian trade difficulties 554

S

Saguenay River power development. (See Hydro-electric power plants.)
St. Louis, Mo.:
Bond issue of $50,000,000 for subway planned n357
Sewer, River Des Peres storm sewer section A, contract relet n1011
Street widening cases, lawyers and property owners warned 98
St. Paul, Minn.
Union Station
Opening celebrated n1013
Salt:
Salinity in waterways. (See Canals; Irrigation; Waterways.)
Salt content of Sabine Lake, Texas, affected by deep canal *10
San Francisco:
"Greater San Francisco," delay and opposition of East Bay cities....e530
Water district for San Francisco peninsula proposed n887
Water supply:
Hetch Hetchy project:
East Bay cities to vote on bonds for water supply from Mokelumne River (not Hetch Hetchy)..e530, n559
Irrigators aided during drought..n118
Middle portion of reservoir n*559
Sanitary districts:
Chicago Sanitary District. (See Chicago, Ill.)
Springfield, Ill., engineer's club approves bonds for sanitary district n723
Sanitary Engineering:
International Sanitary Conference, first, held in London, e325, H. P. Eddy.. 342
Sawmill fuel house built of concrete. E. L. Crowe j.348
Seabury G. T., elected secretary of American Society of Civil Engineers....n925

SEWAGE DISPOSAL

Baltimore, Md., removal and disposal of air-dried sludge, e2, J. H. Gregory and C. E. Keefer *13
Champaign-Urbana plant dedicated...n885
Chicago, Ill., twenty-five engineers called in to render advice e613
Lake Michigan Sanitation Congress established n77
Passaic Valley Sewerage Districts, New Jersey Commission rather than State Board of Health controls sewage disposal plans n563

SEWAGE TREATMENT

Activated sludge:
Air pressure losses in activated-sludge plants. R. H. Bushee and S. I. Zack *823
Baltimore, Md., separate sludge digestion studies. T. C. Schaetzle....*919
English practice, activated sludge process has come to stay. T. C. Hatton 538
Glasgow, Scotland, tests of activated sludge 95
Hagerstown, Md., has new plant.... 234
Conference to be held in Iowa....n559
Filters:
Sprinkling filters
Nozzle performance comparisons, studies at Purdue University. M. J. Zucrow *999
Trickling filters:
British sewage-works, use of trickling filter distributors. T. C. Hatton *624
Imhoff tanks:
Methane gas, collecting from Imhoff tanks. Dr. K. Imhoff *585
Riensch-Wurl screens:
Long Beach, Calif., sewage screen capacity increased *136

SEWAGE-WORKS

British sewage-works, use of trickling distributors. T. C. Hatton....*624
Life of sewage and other sanitary works e411
Marion, Ohio, new works replace old after 18 years e409, *431
Maryland state institutions, sewerage construction by State Department of Health. G. L. Hall *490
North Shore Sanitary District, Illinois, four new sewage-works being built. S. A. Greeley *456
Trenton, N. J., re-advertises for bids for new sewage-works n806
New bids slightly lower n925
Sewerage:
East St. Louis, sewerage problems.... 428
International Sanitary Conference, London, sewerage dominant in discussions, e325, H. P. Eddy 342
Sewer construction:
Adjustable grade board used. G. E. Wright j*68
Crawler paver does good service on sewer construction job j*799

SEWERS

Kansas City, Mo.:
Bonds for trunk sewer, heavy vote..n315
Bonds for trunk sewers versus district assessment e614
Los Angeles outfall sewer:
Concrete pipe, manufacture and delivery *296
Tunnel lining job facilitated by Ford trucks and turntable j*274
Vitrified tile liners used. *189
Lowell, Mass., trunk sewer down Merrimack to sea advised 211
Manila (P. I.) storm sewers designed for 2-in. rainfall per hour. A. Gideon ....l 844
Passaic Valley Sewerage Commission contract on outfall sewer, J. C. Tierney, contractor, wins suit because of poor design of engineering work 676
Passaic Valley sewer tunnel case.. (See Contractors; Engineers.)
Rockaway, N. J., court action against sewer to protect water supply ended..n561
St. Louis, Mo.
Des Peres River storm sewer, section and contract relet n1011
Sanitary district sewers. (See Sanitary districts.)
Storm-water flow to sewers, control of, in the city of The Hague, Holland. F. C. J. Van den Steen Van Ommeren ....l 722
Storm-water size limits e409
Shockoe Creek. (See Rivers.)
Shiplap subgrade used under asphaltic concrete. Portland, Ore. 341
Shovels:
Diesel engine for shovel n283
English electric power shovel n767
Sensitive control of power shovel mechanism n*401
Shovel crawls 28½ miles n446
Transport trailer for power shovel....n*401
(See also Excavating machinery.)
Silt:
Reservoirs, North Carolina, methods of overcoming silting outlined 306
Simplified Practice, Division of. (See U. S. Department of Commerce.)
Slide rules, decimal point calculation. C. N. Miller j71
Smith, B. S., elected president of Portland Cement Association n*928

SNOW REMOVAL

Fall River road across Continental Divide *550
Prepare in advance, good advice....e856
Sand as a snow-removal possibility. A. O'Brien ....l 722
Society for Promotion of Engineering Education.
Meeting, and research main topic. A. Marston n76
Soils. (See Highway research.)
Somme. (See France.)
Sounding rods, simple rod for taking canal soundings. E. K. Dupont j*436
South America:
Colombia, construction. (See Colombia.)
Southern Exposition, New York, Jan. 19-31, 1925 ....n445
Postponed n975
Southwest Water Works Association:
Meeting at Topeka n642, n648
Spanish, who should teach? e205
Springfield, Ill., sanitary district, bonds. (See Sanitary districts.)
Sprinkling filters for sewage. (See sewage treatment, filtration.)
Squeegee machine for block or bituminous floors n*767
Stadiums:
Nebraska University concrete stadium..*498
Scott High School, Toledo, novel and inexpensive method of placing concrete j601
University of Pittsburgh stadium, construction begun n*357
Stair slabs, concrete, design for all spans and usual conditions. J. Feld j*876

STEEL

Corrosion:
Discussed by A.S.T.M. 4
Republic Building, Chicago, repairing steel floor damaged by corrosion..*131
Ultra-violet rays, tests of corrosion by 182
Endurance and failure e251
Endurance, discussed by A.S.T.M. 5
Endurance, effect of alternating stress, A.S.T.M. report a*172
Illinois report, third 212
European iron and steel competition.. 548
Pittsburgh plus prices on steel ordered discontinued. (See Pittsburgh plus.)
Reinforcing bars for concrete, new series suggested n445
Rerolled steel strong but not ductile, compared with new billet steel for concrete reinforcement. J. B. Kommers, 146, l 475, l 558, W. K. Hatt..l 3
Rustless and stainless, tests reported at A.S.T.M. meeting a6
Specifications, by A.S.T.M. ....
Structural steel of buildings, estimating. R. Fleming 38
Sulphur content discussed by A.S.T.M. 4, a*17
Tests:
English endurance tests, recent.... 709
I-beams in torsion, tests. L. B. Tuckerman *88
I-beams in torsion, tests at University of Toronto 461
Stone, building, Weathering tests at Bureau of Standards 147
Stone Mountain, Georgia, memorial group, sculptural engineering 466
Stream pollution:
Ohio, survey of stream pollution.... 307
Shades of Izaak Walton, stream pollution, fishing, and sewage....e327
Street lighting:
Symmetric street lighting reduces waste. L. A. S. Woods n*974
Washington, D. C. new lamp standards..n*280
Streets:
Intersection with curved layout....j*599
W. R. Paige l*804
St. Louis, Mo., street widening cases, lawyers and property owners warned. 98

STRESSES

American Society for Civil Engineers discusses stresses in multiple arches..n440
Balcony floor at Iowa State College, strain of swaying crowds measured. 231
Beams, reinforcing web of rolled beams to carry excessive shear. A. Frank..j*599
Bridge stresses:
Measured changes in shape of multi-arch bridge. (See Bridges, concrete.)
Columns of 18-story building, measured stresses *540
I-beams in torsion, tests. L. B. Tuckerman l*882
I-beams in torsion, tests at University of Toronto 461
Measurement:
Philadelphia, steel frame building, stresses will be measured during construction *341
Viaduct, 23rd St., Chicago, stress measurements to be made 345
Subways:
Philadelphia, Broad St. subway. (See Philadelphia.)
(See under name of city.)
Superintendent's duties. (See Construction.)
Surveying instruments:
Level rod does 41 years of service. H. D. Comstock ....l 760

SURVEYS AND SURVEYING

Aerial maps made to facilitate California home-site survey. T. R. Mine....*264
Ice traverse at International Falls, Minn. C. M. Durgin *221
Triangulation surveys, signal lamp, automatic, devised. D. L. Parkhurst....*109
U. S. Geodetic Survey aids non-federal agencies in boundary disputes. W. Musselter *458
Switzerland:
Engineers build body of dam before foundation *345
Railway electrification progress. A. Rohn *18

T

Talbot, A. N., tablet unveiled n1050
Tanks:
Contents of horizontal cylindrical tanks, computing. A. M. Shaw....j800
Frost casing for steel tanks, especially for railway service....n*689
Gas holder lifts welded together, Australia j*876
Taxation:
Excess profits tax affects consulting engineers e654
Gasoline tax. (See Gasoline, tax.)
Income tax decision affects consulting engineers e574, 581
London, transport tax advocated.... 739
(See Economics; Highway economics.)
Terminals, freight. (See Railway terminals, freight; river terminals.)
Terra cotta, bookings 1919-1924....n524
Terra-cotta cornices and parapets, making structurally safe 511
Tidal power. (See Hydro-electric power.)
Tile:
Concrete blocks, brick and tiles standardized in size n609, n728
Toronto, Ont., compromise plan ends long deadlock over viaduct and waterfront grade-separation n195
Viaduct to cost about thirty millions n480
Towne, Henry R., will aids engineering research n727
Trade statistics:
Chamber of Commerce seeks ruling on trade statistics n652
Traffic control. (See Highway traffic.)
Transportation. (See Highway surveys; Highway traffic; Highways.)
Trautwine, John C., death n*77
Treads, steel traffic treads for wooden floors of bridges n*729
Trenton, N. J., sewage-works. (See Sewage-works.)

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Trestles:
Abandoned railway trestle used as highway bridge, Summit road, Colorado..j*437
Trusses:
Suspension bridge stiffening trusses. (See Bridges, suspension.)
Tulsa, Okla., water supply. (See Water supply.)
Tunnel lining:
Permanence factor in water power tunnels e47
Turntable turns Ford trucks in tunnel lining job, Los Angeles sewers.....j*274

TUNNELS

Accidents:
Milwaukee, Wis., soft ground tunnel accident kills four *706
Batignolles tunnel, Paris, demolition..*371
Brick arch tunnel suspended and underpinned *1044
Chicago, Ill., new intake crib and tunnels planned for power supply..... n33
English channel tunnel vetoed e85
Florence Lake tunnel, progress n1050
Georgia Railway & Power Co. tunnel near Tallulah Falls, holed through..n115
Great Notch water-supply tunnel in New Jersey, driving operations, long small-section wet rock tunnel.....e734, *744
Heading model shows standard round of holes j*153
Hudson River vehicular tunnel:
Freeman, M. H., becomes chief engineer, succeeding late C. M. Holland n925
Holed through n762
Holland Tunnel, named in honor of Clifford M. Holland, engineer..e733, n845, e855
New Jersey boulevard approach ...n1051
New Jersey votes bonds, $8,000,000 for completion n805
Liberty tunnels, Pittsburgh, Pa.:
Air currents and ventilation. J. F. O'Rourke .....| 518
Carbon monoxide distribution, under traffic. A. C. Fieldner, W. P. Yant, and L. L. Satler *1022
Natural ventilation, and traffic jam of May 20, 1924. A. C. Fieldner, W. P. Yant and L. L. Satler.....*290
Ventilators given emergency test....n238
London tube railway, enlargement of tunnel *953
Los Angeles street car tunnel construction started n78
Mersey tunnel, construction cost 998
Moffat tunnel:
Headings of tunnel, progress.....n196
Progress from east portal n523
Work ahead of contract schedule...n279
Newark, N. J., water supply tunnel. (See Tunnels, Great Notch.)
Oakland, Calif., estuary tunnel, novel plan *720
Pit River No. 3, heading advanced 600 ft. during August n440
Holed through n1051
Pit River project, tunneling in volcanic formations *168
Shoo-fly tracks in eliminating tunnels, Southern Pacific Ry. j*801
Skagit tunnel, Seattle power development:
Concrete lining methods *700
Seattle billed $683,097 for extras..n355
Vehicular:
Oakland, Calif., estuary tunnel, novel plan *720
Hudson River vehicular tunnel. (See Tunnels, Hudson River.)
Turbines:
Accidents
Niagara Falls Power Co., turbines service first serious accident *956
Turner Construction Co.:
Canvas covers for winter concreting, standard specifications j*966
Figures on increase of labor efficiency.. 777
Protection of reinforcing and exposed steelwork j*879

TYPHOID FEVER

Everett, Wash., typhoid from cross-connections e46, 59
Havana, Cuba, outbreak n355
An old story repeated.....e365 n396
Insurance company has to pay typhoid death loss on accident clause..... 392
Knoxville, Tenn., heavy typhoid attributed to milk and spring water....*590
Recrudescence, Washington state, New York City, Chicago, etc. e85
South Pasadena and Ramsay (Mich.) outbreaks e45
"Vacation typhoid," city folk safer from typhoid at home e127
Washington, state, rules prohibiting cross-connections e45, 62
Water supply, carriers, typhoid, and the courts. J. A. Tobey..... 495
Water-supply improvements have reduced typhoid fever, N.E.W.W.A. discussion. C. A Holmquist a719

U

Underpinning:
Newspaper plant sub-basements built by progressive underpinning. E. S. Parker j*597
(See Foundations.)
Union Carbide Co., new lime-burning plant, H. L. Noyes *546
United Publishing Co., C. G. Phillips succeeds late H. M. Swetland as president.. n34
U. S. Bureau of Public Roads:
Chicago, Ill., motor truck traffic to be surveyed n194
Sample testing discontinued 554

U. S. BUREAU OF RECLAMATION

Aided settlement land bill in Congress n1011, e1021
American Falls, Idaho, bids to be asked for dam for irrigation purposes....n395
Commissioner's salary, bill to make it $11,000 .....n1012
Co-operative reclamation, federal and private enterprise e450
Deficiency bill, with appropriations, passed by Congress n969
Field control of reclamation again under chief engineer e979, n1011
Field forces commended by Secretary Work n395
Joint committee on reclamation to be set up by Congress, proposed by Dr. Mead n644
Loans by government to reclamation settlers advocated n763
Mead, Dr., attitude on proposed six new reclamation projects n762
Mead, Dr. Elwood, on needs of reclamation projects n356
Mead, Dr., reports condition of reclamation projects promising n317
Newlands project:
Drain ditches, rapid low-cost excavation. A. W. Walker.....*426
Relief offered settlers from reclamation payments n970
Safeguards, new, sought for reclamation projects n970
Walter, R. F., made acting chief engineer n642
Responsibility in reclamation work increased n*1011
Weymouth, F. E., resigns.....e488, n519

U. S. BUREAU OF STANDARDS

Building stone, weathering tests..... 147
Column study, by Prof. A. H. Basquin, and report Tangent modulus and Strength of Steel Columns in Tests....e940
Concrete, research, relation of 7-day to 28-day strength j*879
Paint, fireproofing, Burnot, tested..... n37
Steel corrosion by ultra-violet rays tested 182
Technical investigations, annual report, sixteen engineering investigations a946
Traffic lights, red most easily seen, report from tests j802
U. S. Coast and Geodetic Survey:
Boundary disputes, U. S. Geodetic Survey aids non-federal agencies. W. Mussetter *458
Magnetic declination in Florida, pamphlet issued. N. H. Heck..... 718
U. S. Department of Commerce:
Simplified Practice, Division of:
Hudson, R. M. succeeds W. A. Durgin as chief n160
Steel reinforcing bars, standards adopted n482
U. S. Geological Survey hampered by lack of funds n480
U. S. Government:
Departmental reorganization:
Reckless words of Gen. Beach and Col. Sherrill .....e250, e409, l 438
Expenditures in 1923 were $91 per head. 622
Interior Department:
Speculations as to change, W. F. Mondell mentioned as possible successor to work.....n806
Public Works Department
Beach, Maj. Gen. L. H., alleges Engineering News-Record attacked Corps of Engineers e897
War Department:
Defense construction plans discussed at Washington n726, n1050
U. S. Land reclamation. (See land reclamation; U. S. Bureau of Reclamation.)
U. S. Navy:
Civil Engineers Corps, more engineers needed n969

V

Vaughan, Dr. H. F., engineer, elected president of American Public Health Association e693, n725
Vehicular tunnels. (See tunnelys, vehicular.)
Venturi meters:
British large meter n*891
Veterans, engineers. (See Engineers, veterens.)
Viaducts:
Conneaut, Ohio, construction personnel.. 259
Stress measurements to be made on viaduct, 23rd St., Chicago 345
Toronto, Ont., compromise plan ends long deadlock over viaduct.....n195
Virginia builds office building for state departments e249, *252
Vital statistics:
Ten states still outside death registration area e855, *873
(See Accidents; Highway accidents.)

W

Waddell, J. A. L., successful in bidding on design for New Jersey-Staten Island bridges e981, 991
Wallboard, fireproof, has tile design....n810
Production of wallboard, 1923 .....n1054
Walter, R. F., (See U. S. Bureau of Reclamation.)
Walls:
Sand pressure against walls, tests. J. L. Campbell l*804
Field .....l 1048
Warehouses:
Dallas, Texas, Sante Fe freight terminals and warehouses *942
Washington, D. C., Conduit breaks..... n30
Water mains:
House connections to water mains by expanded metal joint. W. W. Monk...j*1046
Water pollution:
New Jersey, New York, Connecticut, joint action, New York Committees work will bear watching.....e249
New York state committee to study oil and sewage pollution n238
Oyster beds polluted by sewage 1020
Permit no defense for creation of nuisance, court holds, in Reedley, Calif., case 258
(See Stream pollution.)

WATER PURIFICATION

Alum dosing:
Alum mixing studied by filter men. C. R. Cox .....e166, l 394
Reading, Pa., alum agitation studies. C. R. Cox *101
Chlorination:
Dosage determined by nomograph. W. M. Olson j*801
Simplified type of chlorinator.....n*525
Wilmington, Del., chlorine control at filter plant. W. C. Wills.....j148
Clarification, aeration, carbonization plant at Oklahoma City *216
Corrosibility tests. J. W. Ledoux....a861
Filtration:
Changes from slow sand filters to mechanical filters, in United States.....e288
Hartford, Conn., operation of slow sand filters, e487, C. M. Saville..*508
Slow sand filters to be enlarged..n606
Memphis, Tenn., early results from water purification plant. W. Donaldson ...*992
Ohio River, filter loading studies a962
Putnam, Conn., slow sand filter converted to mechanical type..... 255
Richmond, Va., features of new filtration plant. W. Donaldson.....*623
Iodization:
Chicago, little iodine, much goiter... 109
Ohio annual conference n848

WATER SUPPLY

Bombay, India, duplicate steep pipe lines.*905
Boston Metropolitan Water Supply Investigating Commission.....n441, n521
Butte, Mont., cracks in reservoir tower and wall repaired with cement gun. E. Carroll j*516
California:
East Bay Municipal Utilities District looking for new water supply....n197
California drought is worst on record.n154
Columbus, Ohio, O'Shaughnessy reservoir filled n34
Corn Products Refining Co., Argo, Ill., underground water supply and underground pumping e487, *501
Denver, more storage from South Platte river proposed n808
East Bay cities, California, $39,000,000 water project 960
East Bay Municipal Utility District, California, to vote on bonds for water from Mokelumne River (not Hetch Hotchy project) e530, n559
Flagstaff, Ariz., additional water supply. e487, R. L. Baldwin.....*496
Frankfort, Germany, producing artificial ground water. Dr. Schoelhaase and G. M. Fair *174
Gridiron distribution system, computing head loss. W. S. Pardoe.....j*516
Hartford, Conn., plans for financing water mains 622
Japanese railways, earthquake damage to water supplies. M. Nawa *986
Los Angeles:
Colorado River-Los Angeles aqueduct line surveyed n277
Los Angeles, report on future water supply n442
Measurement of water, California pipe method. B. R. VanLeer *293
New Jersey:
Breaking the water monopoly of private interests e127
Newark, part of contract between city and water company voided.....n157
Newark, N. J., water supply tunnel. (See Tunnels, Great Notch.)
Overselling. (See Irrigation.)
Oklahoma City, second water purification works *216
Portland, Me., intake shaft and screen house. C. B. Mitchell.....j*514
Railway water supply. (See Railway structures, water supply.)
San Diego, Calif., water storage, by El Capitan dam, bonds voted n969
San Francisco:
Hetch Hetchy project:
Bond issue of $10,000,000 approved n645
Discontinuance order enjoined and work proceeds n926
Moccasin Creek penstock, building.*858
Mountain division work stopped ..n1010
Special election for bonds.....n440
San Francisco peninsula water district proposed n887
San Joaquin River, power-land use controversy to be carried to U. S. Department of Justice.....n808
Sanitary districts. (See Sanitary districts.)

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news

Tulsa, Okla., Spavinaw project, last length of pipe laid n723
Underground water supply and underground pumping, for Corn Products Refining Co., Argo, Ill. e487, *501
Washington, D. C., old conduit breaks (new conduit being built) n30
(See Irrigation.)

WATER WORKS

Accidents:
Pipe break undermines settling basin wall at Fort Collins, Colo. 233
Sacramento, Calif., concrete wall between basins, tracer's mistake caused break 375
Australian's views of American waterworks, E. G. Ritchie 100
Construction record, for four geographic sections of United States n*284
Filtration:
Settling basins:
Flow, four kinds, principles of, W. Kiersted *346
Flagstaff, Ariz.
Roots in vitrified pipe line make little trouble, G. L. Davenport, Jr. l924
Hydrants, fire, color scheme of green cap and gray barrel, R. Mors j*596
Hydrant modified for looks, adjustability and visibility, R. B. Morse j*512
Infiltration galleries, at Des Moines, Iowa, C. B. Burdick a577
Kansas City, Mo., radical changes in water-works plans n316
Management and finance e489
Maryland state institutions, water-works construction by State Department of Health, G. L. Hall *490
Nashville, Tenn., proposes $3,000,000 bonds for water improvements n563
New York City, a water company awarded four million for works 220
Operation:
Quality too often an overlooked factor, L. A. Geupel j*513
Pumps. (See Pumps and pumping.)
Records, co-ordinating inventory and consumers' service, Western New York Water Co., H. F. Huy j*515
Surveys:
Pitometer used in water-works survey, V. B. Siems j596
Wheeling, W. Va., publicity campaign for water-works bond issue, e2, J. F. Laboon 12

WATERWAYS

Chicago's diversion of water, U. S. engineer reports on 184
Colorado River:
Hunt re-election enlivens Colorado River problem n805
Delaware River, action imminent by tri-state body on plan n478
Great Lakes, diversion of water:
Chicago Sanitary District board of engineers to review problem. (See Chicago Sanitary District.)

WEIRS

Semi-circular weirs:
Calibrated at Purdue University, F. W. Greve *182
Tests at Colorado Experiment Station, F. A. Nagler l80

WELDING:

Building construction, gas-torch welding used. j*43
Building frames made of oxyacetylene welded pipe, D. C. McGiehan j*85
Gas holder lifts welded together, Australia j*87
Oxygen manifold, valve for n*409
Wells:
Artesian wells, locating leaks in casings, W. M. Angas j*270
Wembley—Advertisement for the British Empire and engineering, E. J. Mehren *80
Westchester County, N. Y., home-rule city-like charter n1053
Western Society of Engineers:
Committees meet n157
Contract forms new, standard, for engineering and building; action taken .. e776, 796
Westinghouse Electric & Manufacturing Co., year's engineering developments reported n1014
Weymouth, F. E., resigns from U. S. Bureau of Reclamation e488, n519
Reclamation work praised in House sub-committee n971

WHARVES AND DOCKS

Dock, for one, Conneaut, Harbor, Ohio, has nine mechanical loaders *320
Piers:
Havana, Cuba, mobile tower chuting plant builds concrete pier *52
Wheeling, W. Va., managing publicity campaign for water-works bond issue, J. F. Laboon 12
Whipple, George C.: death n*925
Appreciation, J. M. Goodell l968
Wichita, Kan., floods and flood protection, P. L. Brockway *828
Winches:
Tractor, winch attachment for n*610
Winter construction. (See Construction, seasonal.)
Wisconsin State Capitol, alterations to defective flat roof on j*436
World Power Conference:
Abstract of two papers on combatting ice in hydro-electric plants a265
(See Hydro-electric power.)
Wood preservation:
American Railway Bridge and Building Association data on fire hazard of treated timber, C. S. Heritage a825

*Illustrated; a, abstracts; e, editorials; j, job and office; l, letter; n, news
